GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of High Point
North Carolina**

For the Fiscal Year Beginning

July 1, 2014

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of High Point, North Carolina for its annual budget for the fiscal year beginning July 1, 2014. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

INTRODUCTION

Contained in this document is the City of High Point Fiscal Year 2015-2016 Budget. In addition to the budget, you will find the performance objectives for all of the City's departments. In fiscal year 2001-2002, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. Ten service areas from the City of High Point were included in the project. These were Residential Refuse Collection, Household Recycling, Yard Waste/Leaf Collection, Asphalt Maintenance and Repair, Police, Emergency Communications, Fire Services, Building Inspections, Fleet Maintenance and Human Resources. For the year 2006-2007 Water Services was added to the list of services. For the year 2011-2012, Sewer Services was added and in 2012-2013 Parks and Recreation was added. This project provides comparable and reliable performance indicators from other municipalities in North Carolina. Elsewhere within the document, key performance measures have been indicated for some of the large departments in the City. This effort will continue to expand going forward in future documents.

The budget format was prepared to make it simple and easy to read. We have tried to prepare a document that contains the information necessary for the City Council and the citizens of High Point to understand the operations of the City and the resources and costs necessary to carry out its various missions for fiscal year 2015-2016. The book is divided into funds beginning with the General Fund. Budget summary information and the performance objectives and measures, as applicable, of each department are contained in these sections. The City's Five-Year Capital Improvement Program along with a description of each project is found in the Capital Improvement Program section.

The Summaries/Analyses section contains revenue and expense summaries, assumptions, charts, and other data pertinent to the preparation of this budget.

Revenue information is presented first and expense summaries follow.

Additional summaries, charts and graphs, such as the various funds, Revenue and Expense Summaries, are found at the beginning of each fund's section. The Revenue and Expense Summaries are helpful to provide a consolidated picture of each fund's revenue and expense status.

A glossary of frequently used terms is found in the last section of the document to assist you in understanding the budget.

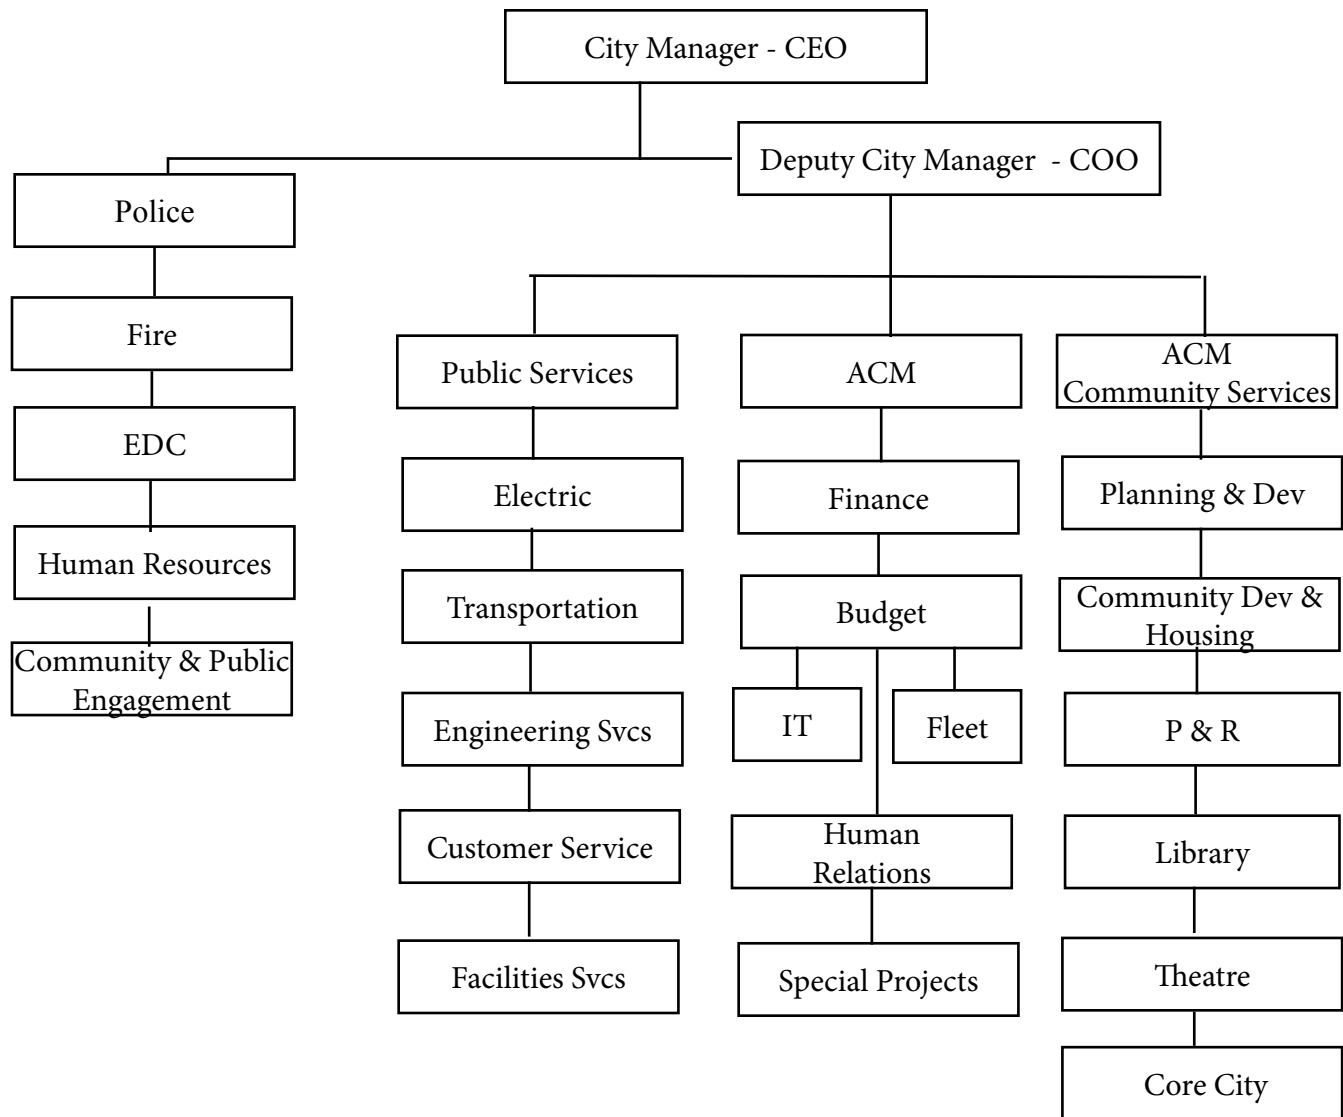

We hope that this book is presented in a fashion that will aid you in the location of specific information. Your comments and suggestions are greatly appreciated in helping us compile a document that serves your needs.

High Point USA: Central Location in North Carolina's Piedmont Triad Region

ABOUT HIGH POINT

High Point is a thriving city of over 110,638 residents situated along the rolling Piedmont crescent region of North Carolina. High Point lies in four counties, Guilford, Davidson, Forsyth and Randolph. With Greensboro and Winston-Salem, High Point anchors the Piedmont Triad region with a population of 1.6 million. It is the nation's 33rd largest combined statistical area. Centrally positioned along the East Coast with easy access to several interstate highways and the Piedmont Triad International Airport, High Point is a great place to live and to do business.

Home of the semi-annual High Point Market, the largest wholesale finished goods home furnishings market in the world, High Point has a tremendous impact on the economy of the entire Piedmont Triad. An average of 80,000 retail home furnishings buyers, manufacturers sales representatives, interior designers, and news media attend each market held in April and October of each year. All 50 states and more than 110 foreign countries are represented at these markets. For the regional economy, the annual economic impact is \$5.39 billion and over 37,616 jobs supported.*

BUDGET PREPARATION PROCESS

Preparation of the City of High Point's fiscal year budget is a process that involves the citizens of High Point, the High Point City Council, individual city departments, and the City Manager's budget team.

It is a process that begins in November with the distribution of personnel budget work papers to departments. These work papers present the current personnel complement, salary information, and forms for requests for next year funding. Departments submit their work to the Human Resources Department during December at which time they are reviewed with the department heads. Generally, new position requests are not included in the proposed budget but are submitted separately to the City Manager for consideration later in the budget process.

A budget kick off meeting is held by the City Manager during the first half of December. During this meeting, a preview of the economic forecast for the coming fiscal year is presented to department directors. General budget preparation instructions as well as immediate goals and directives are presented. Time is allowed for each department to present their views regarding operations in the new fiscal year and any potential problems, which could impact other departments.

Capital Budget Preparation

In November, departments begin preparing their Five-Year Capital Improvement Program. This process requires departments to submit financial forms for each project, detailing the description of the project, the projected begin and end dates, as well as how the project will be financed.

In mid-December, department directors submit the Five-Year Capital Improvement Program (CIP) requests to the Budget and Evaluation Division. Each department ranks their department projects by priority. The Budget and Evaluation Division prepares the CIP recommendations to be included in the proposed CIP plan. The Assistant City

Managers, department directors, and the budget team perform the next review of these requests. At this time, changes that best meet the City's needs as a whole are incorporated into the departments' requests. Upon completion of these reviews in January, the program is then presented to the City Manager for review at which time additions or reductions may be made as any new priorities are identified.

Operating Budget Preparation

At the City Council's discretion, a City Council/Management Team retreat is held in late January or February during which the City Council communicates their concerns and priorities for the upcoming year. The City Manager's staff presents an overview of the current budget year, preview of the year-end financial picture and major capital projects on the horizon. This important meeting provides valuable insight and feedback from Council members for the management team to use in developing the proposed budget.

The next major phase in the preparation of the budget occurs in January with the distribution of the revenue work papers. These work papers allow the departments to prepare revenue estimates for the current fiscal year and projections for the upcoming fiscal year. These estimates and projections are essential elements of the revenue and expenditure forecasts for the new fiscal year. During January-February, the Budget and Evaluation Division prepares the estimated fund balances for the current fiscal year based on the estimated revenue receipts and expenditures for the current fiscal year.

Also in mid-January, expenditure budget work papers are distributed to departments. Departments use these work papers to submit their operating budget requests for the new fiscal year. Both revenue and expense work papers are returned to the Budget and Evaluation Division in February.

Budget Preparation Process, continued

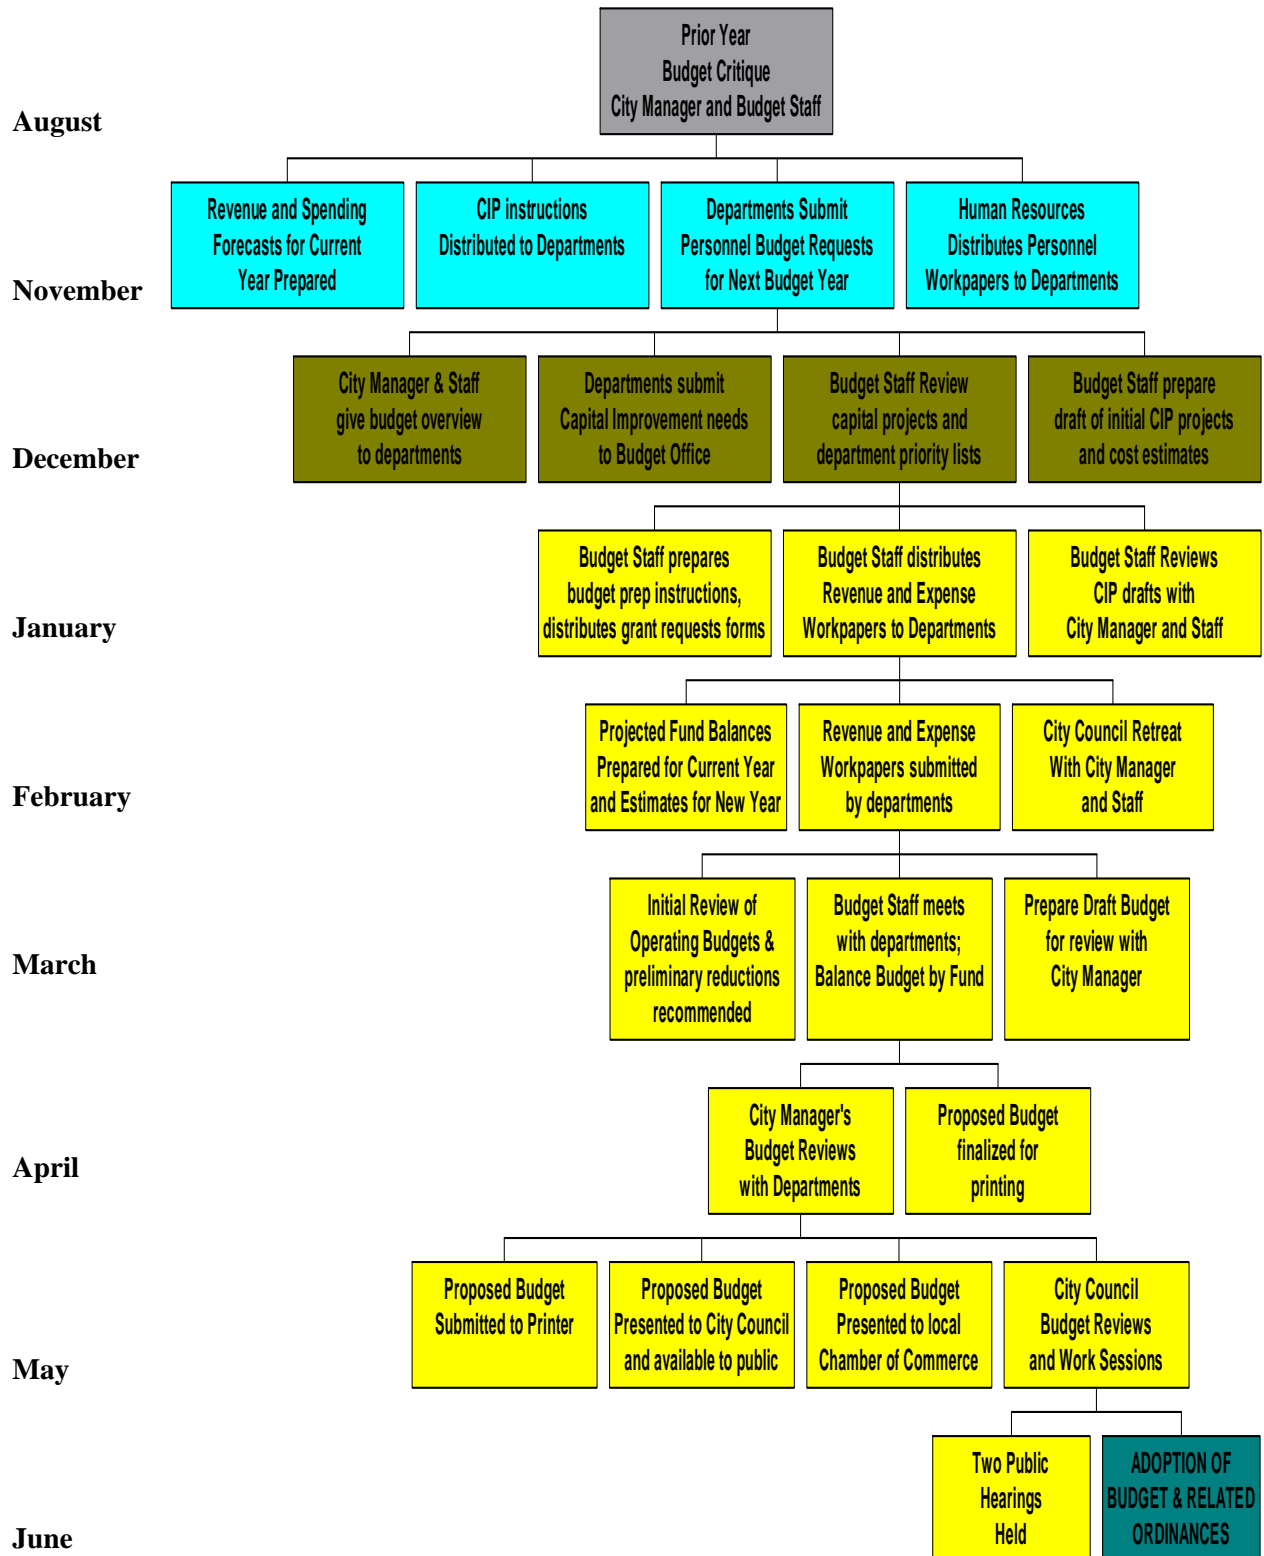

Budget review meetings are scheduled as necessary during March with department heads and the Budget and Evaluation Division to study their requests. The City Manager is given a briefing on any new programs that are being proposed, new position requests, as well as major increases in the budget requests. The Budget and Evaluation Division produces the initial recommended budget to be reviewed with the City Manager. The Manager makes any final revisions to the proposed budget along with the proposed tax rate and utility rates for the new fiscal year.

In May the City Manager's proposed budget is presented to the City Council, the press, and the public. The proposed budget is made available for public inspection in the office of the City Clerk, the Library, and the Budget and Evaluation office.

During May and sometimes early June, the City Council holds a series of budget study sessions in which intense study of the budget occurs. During these meetings the City Council reviews the budget and makes any necessary adjustments. North Carolina General Statutes require one public hearing be held for public comment on the proposed budget. In a concentrated attempt to give opportunity to the citizens of High Point, two Public hearings are scheduled by the City Council for public input on the budget. These hearings are usually conducted in June. The City Council formally adopts the budget at a regular City Council meeting on or prior to June 30.

The proposed budget is also posted on the City of High Point's website and can be accessed at www.highpointnc.gov.

June 15, 2015	Adoption of 2015-2016 annual budget and related ordinances at 5:30

BUDGET DEVELOPMENT POLICIES

State Budget Statutes

The City of High Point annual budget shall be prepared in accordance with the General Statutes of the state of North Carolina section 159-8(a) that requires an annual balanced budget defined as follows: *The budget ordinance is balanced when the sum of estimated net revenues and appropriated fund balances is equal to appropriations.*

The City of High Point adheres to state statutes by strictly applying the following policies in the development of its annual operating budget. These policies provide the basis for decision-making and in continuing a tradition of financial stability in High Point's operation.

Budget Policy

1. The City of High Point shall prepare an annual budget appropriation document covering the twelve-month period beginning July 1 and ending June 30 of the following year.
2. Before April 30th of each year, each department head shall present budget requests and revenue estimates for the coming budget year.
3. The proposed budget document shall be presented to the City Council for consideration no later than June 1 with adoption of the approved ordinance by June 30.
4. One public hearing is mandated by North Carolina State General Statutes. The City of High Point schedules two public hearings to receive input on the development of the budget.
5. The City budget will be developed incorporating all programs and service levels as established by City Council and as required by all statutes.
6. Budgets shall be prepared at the department level and provide the basis for the City's financial management and operation. The adopted appropriations by

fund shall constitute the maximum expenditure authorization for that fund and may be amended only by action of the City Council.

Revenue Policy

1. Estimation of revenue receipts shall be realistic and attainable both in the determination of fund balance generation in the current fiscal year and in the estimated receipts for the following fiscal year. Where judgment is required, conservatism shall be the rule.
2. Amounts appropriated into fund balance shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts at the close of the fiscal year preceding the budget year.
3. Every effort shall be made to maintain a balance of 10% of the City's estimated expenditures in undesignated fund balance. Appropriations from unappropriated fund balance shall be made only at the direction of the City Council.
4. Water, sewer, and electric rates shall be set at an amount that will enable these funds to be self-supporting.
5. The practice of transferring from the Electric Fund to supplement the General Fund was eliminated beginning with the 2000-2001 budget; however, due to budget shortfalls, a one-time transfer was adopted for fiscal year 2010-2011. The adopted 2015-2016 budget does not include a transfer of electric funds.
6. One-time or special revenues shall not be used to finance ongoing City operations but rather be used for the funding of special projects.
7. An aggressive policy of seeking the collection of delinquent utility and license fee accounts will be maintained.

Debt Management Policy

The goal of the City's debt policy is to manage debt by maintaining a sound fiscal position and protecting the city's credit rating. Long-term debt shall only be used to finance those capital projects that cannot be financed with current revenues and will require strong financial administration.

When the City considers debt financing, analyses of the financial impact of short-term and long-term issuing of the debt is considered. Issuing long-term debt commits the City's revenues several years into the future, and may limit its flexibility to respond to changing service priorities, revenue inflows, or cost structures. For this reason, it must be determined that future citizens will receive benefit from the capital improvement that the debt will finance.

Bonds may be sold as authorized or by first issuing bond anticipation notes (BANs) to finance the bond projects. When BANs are issued such shall be retired by the issuance of the bonds historically within a period of one year.

The payment of debt service shall be developed on a schedule that provides even or level debt payments annually in order to prevent major swings from year to year

Legal Compliance for Debt Management

1. The issuance of all bonds for the purchase of or construction of major capital projects will be with the approval of the North Carolina Local Government Commission

2. In adherence to North Carolina General Statute 159-7, funds shall be appropriated to cover debt service before any other appropriation is authorized.

3. The legal debt margin of 8% of assessed valuation shall be maintained.

Capital Improvement Policy

1. The City shall prepare a Five-Year Capital Improvement Program (CIP) in conjunction with the annual operating budget. The first year of this program shall be presented for adoption. The subsequent four years shall be for information and planning purposes.

2. Capital expenditures included in the CIP are attributable to a specific fund (General, Water, Sewer, Electric, etc.) and will be financed from revenues assigned to that fund. Projects included in the CIP shall have a cost greater than \$15,000 and a useful life of at least ten years.

3. Capital acquisitions costing not less than \$5,000 and having a useful life of at least one year and which do not materially add to the value of existing assets shall be budgeted for in the operating budget of the department to which the asset is to be assigned. These acquisitions shall not represent major acquisitions that are budgeted for in the CIP. Vehicles for the City's fleet are not budgeted for in the CIP. First-year acquisition of vehicles is budgeted in the using department; subsequent replacement vehicles are managed through the City's Fleet Replacement Program.

4. Capital Project Ordinances (CPO) shall be established and adopted by the City Council separate from the regular operating budget ordinance and shall authorize the construction or acquisition of major capital that spans a period of time greater than one year to complete. The appropriation of the capital project ordinance budget shall remain in effect for the life of the project and not require reappropriation each fiscal year.

5. The expenditure of all bond-authorized projects will be controlled through the establishment of capital project ordinances.

BUDGET ORDINANCE AMENDMENT POLICY

North Carolina General Statute 159-8 states that each local government shall operate under an annual balanced budget ordinance.

The budget ordinance as adopted by the City Council may be amended in two ways:

- (1) Budget transfers within a fund authorized by the City Manager or
- (2) Appropriation increases or decreases authorized by the City Council including transfers, contributions, and reimbursements among funds.

The first procedure is authorized by Section 8 of the budget ordinance that states that the City Manager is authorized to approve transfers of appropriations within a given fund. Conversely, transfers cannot occur between funds without authorization from the City Council.

Budget Transfers Within a Fund

In order to initiate a transfer of budgeted funds from one line item to another within the same fund, the department requesting the transfer must complete a "City of High Point Budget Transfer Request" form indicating the budget account number to transfer from, the budget account number to transfer to, and the amount to be transferred. An adequate explanation of the need for the transfer must accompany the request.

The completed form must be signed by the department head and submitted to the Budget Office. Upon receipt, the Budget Office reviews the form for completeness and accuracy, verifies that the requested transfer amount is available for transfer, and determines if the request is valid.

Upon signature authorization and approval by the Budget and Performance Manager, the request is entered into the general ledger system to process the budget transfer. Budget transfers result in no increase or decrease in the fund's budget.

One exception to the City Manager's authority to transfer budget within a fund is that of contingency transfers. The City Manager is required to communicate to City Council any transfers by his authority out of a fund's contingency account into any other budget for expenditure.

Fund Appropriation Increases and Decreases

The need for any budget ordinance amendment that results in either increases or decreases in a fund's total budget or which involves transfers of budget between funds requires City Council formal authorization and approval.

For example, if revenue is made available during the fiscal year that was not included in the original adopted budget ordinance, the City Council may elect to appropriate this revenue and budget a corresponding amount of expense for a stated purpose.

In addition, the City Council may elect to transfer, contribute, or reimburse one fund from another fund for a stated purpose. In any of these instances an increase in the fund's budget is the result.

To implement this, the Budget Office prepares a Budget Ordinance Amendment which states the revenue and expense accounts involved, the amount of the amendment, and the purpose of the amendment. This Appropriation Ordinance is then presented to the City Council for deliberation and approval. When approved, the Budget Office files the ordinance with the City Clerk and prepares the appropriate budget transfer request forms and processes them as outlined in the section above.

ACCOUNTING SYSTEM POLICIES

The accounting policies of the City of High Point shall conform to the generally accepted accounting principles as applicable to governments.

The diverse nature of governmental operations and the requirements of assuring legal compliance preclude recording all governmental financial transactions and balances in a single accounting entity. Therefore, from an accounting and financial management perspective, a governmental unit is a combination of several distinctly different fiscal and accounting entities, each having a separate set of accounts and functioning independently of each other.

The basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. As in the basis of budgeting, accounting records for the City of High Point governmental funds are maintained on a modified accrual basis with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. In contrast to the basis of budgeting, accounting records for proprietary funds are maintained on the **accrual basis** in which revenues are recognized when earned and expenses are recognized when incurred.

Fund Basis

The City of High Point's accounting system is organized and operated on a fund basis. Each accounting entity is accounted for in a separate "fund" which is defined as a fiscal accounting entity with a self-balancing set of accounts recording cash and other financial resources together with related liabilities and residual equities or balances, and changes therein. Two fund types defined in the "Description of Budgeted Funds" are further defined below as well as the addition of Fiduciary Funds.

<u>Classification</u>	<u>Fund Type</u>
Governmental Funds	General
	Special Revenue
	Debt Service
	Capital Projects
Proprietary Funds	Enterprise
	Internal Service
Fiduciary Funds	Agency
	Expendable Trust

Governmental Funds These funds are, in essence, accounting segregations of financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the differences between governmental fund assets and liabilities (the fund equity) is referred to as Fund Balance. The primary measurement focus is "flow of current financial resources." Increases in spendable resources are reported in the operating statement as revenues or other financing sources, and decreases are reported as expenditures or other financing uses.

Proprietary Funds These funds are sometimes referred to as income determination, non-expendable, or commercial-type funds and are used to account for a government's on-going organizations and activities which are similar to those often found in the private sector. All assets, liabilities, equities, revenues, expenses, and transfers relating to the government's business and quasi-business activities, where net income and capital maintenance are measured, are accounted for through proprietary funds. The generally accepted accounting principles here are those applicable to similar businesses in the private sector, and the measurement focus is the economic condition of the fund as a result of the events and transactions of the period. Events and transactions that improve the economic position of a proprietary fund are reported as revenues or gains in the operating statement. Those that diminish the economic position are reported as expenses or losses.

Fiduciary Funds These funds account for assets held by the City in a trustee capacity or as an agent for other governmental units and for other funds. Each trust fund is accounted for as either a governmental or a proprietary fund. Fiduciary funds are not budgeted in the annual budget process.

Account Groups

These represent another accounting entity used to establish control and accountability for the City's general fixed assets and the outstanding principal of its general long-term debt (General Fixed Assets Account Group and General Long-Term Debt Account Group).

These records are accounted for in a self-balancing group of accounts because the City's General fixed assets -- all fixed assets except those accounted for in Proprietary Funds or Trust Funds -- are not financial resources available for expenditures. The outstanding principal of the general long-term debt and general long-term liabilities not accounted for in the Proprietary Funds or Trust Funds do not require an appropriation or expenditure during the account year.

Internal Control

In developing and maintaining the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

ELECTRIC FUND TRANSFER POLICY

Because of the major impact that this revenue source could have on the General Fund and therefore the tax rate, special comment is warranted on the Electric Fund.

On February 1, 1996 the High Point City Council adopted an Electric Fund Transfer Policy, which restricts the amount of funds which can be transferred to the General Fund from the Electric Fund. The policy provisions are summarized below:

- *Whereas the City Council desires to preserve the financial integrity of the Electric Fund and to reduce the General Fund's dependence on Electric Fund transfers...*
- *Whereas if electric services had been provided by an investor-owned utility instead of the city's Electric Fund, such utility would have paid municipal ad valorem taxes to the General Fund of the City and would have been entitled to a return on investment;*
- *Therefore, be it resolved by the City Council, that the following policy regarding payments in lieu of taxes and operating transfers from the Electric Fund be adopted:*
 1. *The City shall budget annually a payment in lieu of taxes amount from the Electric Fund to the General Fund that approximates the amount of ad valorem taxes that would have been paid had electric services been provided by an investor-owned utility*
 2. *Operating Transfers: The City may budget an operating transfer from the Electric Fund to the General Fund not to exceed 3% of the gross fixed assets of the Electric Fund as reported in the City's most recent audited financial statements*

The transfer to the General Fund was eliminated in fiscal year 2000-2001 and continued through fiscal year 2009-2010 in keeping with the directives of the City Council to develop a plan to discontinue the transfer of money from the Electric Fund to the General Fund.

Due to the shortfall in General Fund Revenues in fiscal year 2009-2010, the City Council authorized a one-time transfer of \$1.0 million to supplement the General Fund for fiscal year 2010-2011. The 2015-2016 proposed budget does not include a transfer from the Electric Fund. The amount budgeted for Payment in Lieu of Taxes from the Electric Fund to the General Fund for fiscal year 2015-2016 is \$893,328.

BASIS OF BUDGETING AND BUDGET STRUCTURE

Basis of Budgeting

The City's budget is developed on a modified accrual basis for all funds, which means that obligations of the City are budgeted as expenditures, but revenues are recognized only when they are measurable and available. Available means that the funds are collectible within sixty days of the fiscal year-end. The Local Government Budget and Fiscal Control Act requires that the budget ordinance be balanced. North Carolina General Statute 159-8(a) states:

Each local government and public authority shall operate under an annual balanced budget ordinance....A budget ordinance is balanced when the sum of estimated net revenues and appropriated fund balance is equal to appropriations.

Appropriations are exclusively limited to cash and cash equivalents less current claims against that cash. The statutory formula is cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts.

The Annual Budget authorizes and provides the basis for the City's financial management. The adopted appropriations constitute the maximum expenditure authorization during the fiscal year and can only be amended by action of the City Council.

Budget Structure

The City's budget is divided into funds. An annual budget is adopted for the General, Special Revenue, Debt Service, General Capital Projects, Enterprise and Central Service Funds. (These are illustrated in the "Budgetary Fund Structure" chart on page xxii and further defined in the "Description of Budgeted Funds" on page xxiii). Within each fund are the separate departments with various activity budgets. The Annual Budget is adopted at the department level.

Budgetary Control

Beginning with the budget for fiscal year 2009-2010, a new budget software system was implemented. The system is Fletcher and Fletcher Budget Information System, a web-based application designed using a relational

database product and designed to be used across the internet/intranet network and provide security features for the user and Budget Office personnel.

The Fletcher and Fletcher Budget Information System has multiple features that are self-contained including five to ten year salary and benefits expense, operating budget preparation, capital improvements module, and performance goals and objectives.

The Fletcher and Fletcher Budget Information System eliminated the need for the Budget Office to push spreadsheets out to departments electronically for budget preparation. Departments enter budget requests directly into the budget system, and have the ability to generate individual reports at the fund, department, and accounting unit levels.

The system will also allow many "what if" scenarios to be tested. All preparation of the budget up to adoption is done in the Fletcher and Fletcher Budget Information System. The budget system is solely a system for preparing and balancing the budget. The budget is uploaded into the Lawson Financial System following adoption.

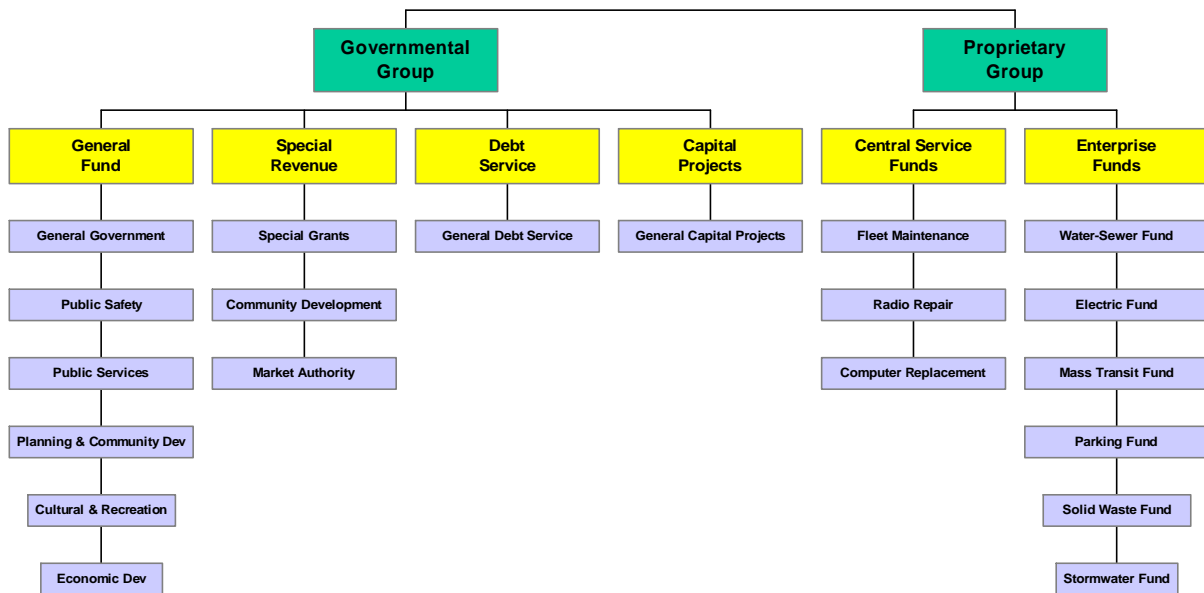

Financial Management System

The financial system implemented in fiscal year 2006-2007 by the City of High Point is Lawson Enterprise Resource Planning (ERP) that provides for excellent fiscal management.

The General Ledger acts as the heart of the financial management system. The General Ledger function interfaces with other Lawson Applications such as Purchasing and Accounts Payable each of which feed into the General Ledger.

The Lawson Financial System budget edits allow for excellent budgetary control at the department or accounting unit level. This functionality checks for available funds before new commitments and encumbrances are released by the system.

BUDGETARY FUND STRUCTURE

The City's budget is developed on a modified accrual basis for all funds, which means that obligations of the City are budgeted as expenditures, but revenues are recognized only when they are measurable and available. As in the basis of budgeting, accounting records for the City of High Point governmental funds are maintained on a modified accrual basis with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. In contrast to the basis of budgeting, accounting records for proprietary funds are maintained on the accrual basis in which revenues are recognized when earned and expenses are recognized when incurred.

DESCRIPTION OF BUDGETED FUNDS

The City of High Point budget consists of two basic fund types: Governmental Funds and Proprietary Funds.

Governmental Funds

The measurement focus of governmental funds is upon determination of financial position and changes in financial position rather than upon net income.

General Fund

The General Fund is used to account for general government operations of the City, which are financed through taxes or other general revenues, contributions, reimbursements, or transfers from other funds. The General Fund accounts for all financial transactions not required to be accounted for in another fund. The Economic Development Fund is used to account for funds appropriated for investment incentives to aid in attracting investors to the City.

Special Revenue Funds

- Special Grants is used to account for revenues received from federal, state, and local sources or groups designated for expenditure on particular programs and projects. These programs and projects are usually non-recurring in nature and of short duration.
- Community Development is used to account for revenues and expenses derived from the Community Development Block Grant entitlements to the City.
- Market Authority is a public-private partnership sponsor of the International Home Furnishings Market and is used to develop strategies and priorities to address and promote improvements for the annual spring and fall markets

General Debt Service Fund

The General Debt Service Fund is used to account for the accumulation of resources for and the payment of general long-term debt, principal and interest for bonded indebtedness incurred for the financing of projects associated with General Fund activities. (Debt service for enterprise funds is accounted for in those funds.)

General Capital Projects Fund

The General Capital Projects Fund is used to account for the acquisition or construction of major capital facilities, equipment, and improvements other than those financed by the enterprise funds.

Proprietary Funds

The measurement focus of proprietary funds is upon determination of operating income, changes in net assets, financial position and cash flows. Use is required for operations for which a fee is charged to external users.

Central Services Fund

The Central Services Fund is used to provide centralized services such as fleet services on a cost-reimbursement basis that provides the revenue to support the Central Services Fund.

Enterprise Funds

- Water-Sewer Fund is an enterprise fund used to account for the provision of water and sewer services to the residents of the City and some county residents. It includes all operating, debt service and capital improvements associated with providing water and sewer services.
- Electric Fund is an enterprise fund used to account for the provision of electric service to the residents of the City. It includes all operating, debt service and capital improvements associated with providing electric service.
- Mass Transit Fund is an enterprise fund used to account for the operation and maintenance of the City's public transportation system, Hi tran.
- Parking Fund is an enterprise fund used to account for the operation and maintenance of the City's various parking facilities. It includes all operating, debt service and capital improvements for the parking facilities.
- Solid Waste Fund is an enterprise fund used to account for the operation and maintenance of the City's landfill, municipal recycling facility and garbage collection. It includes all operating, debt service and capital improvements for the landfill and recycling facilities.
- Stormwater Fund is an enterprise fund used to account for the operation and maintenance of the stormwater program, which manages stormwater runoff, bank stabilization, and maintenance of detention lakes and ponds. All expenses including debt service and capital improvements for the stormwater operation are included in this fund.

FISCAL POLICY GUIDELINES - OBJECTIVES

This fiscal policy is a statement of the guidelines and goals that will influence and guide the financial management practice of the City of High Point, North Carolina. A fiscal policy that is adopted, adhered to, and regularly reviewed is recognized as the cornerstone of sound financial management. Effective fiscal policy:

- * Contributes significantly to the City's ability to insulate itself from fiscal crisis,
- Enhances short term and long term financial credit ability by helping to achieve the highest credit and bond ratings possible,
- Promotes long-term financial stability by establishing clear and consistent guidelines,
- Directs attention to the total financial picture of the City rather than single issue areas,
- Promotes the view of linking long-run financial planning with day to day operations, and
- Provides the City Council, citizens and the City's professional management a framework for measuring the fiscal impact of government services against established fiscal parameters and guidelines.

To these ends, the following fiscal policy statements are presented.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

April 2006

CAPITAL IMPROVEMENT BUDGET POLICIES

1. The City will prioritize all capital improvements in accordance with an adopted capital improvement program.
2. The City will develop a five-year plan for capital improvements and review and update the plan annually. The City utilizes a weighted ranking system based on five critical factors to recommend projects to the capital improvement program. Additional projects can be added to the CIP without ranking, but funding for projects added in this manner are subjected to normal operating budget constraints.
3. The City will enact an annual capital budget based on the five-year capital improvement plan. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in economic base will be calculated and included in capital budget projections.
4. The City will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in operating budget forecasts.
5. The City will use intergovernmental assistance to finance only those capital improvements that are consistent with the capital improvement plan and City priorities, and whose operating and maintenance costs have been included in operating budget forecasts.
6. The City will maintain all its assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs.
7. The City will project its equipment replacement and maintenance needs for the next several years and will update this projection each year. From this projection a maintenance and replacement schedule will be developed and followed.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

April 2006

CAPITAL IMPROVEMENT BUDGET POLICIES (continued)

8. The City will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted for approval.
9. The City will attempt to determine the least costly and most flexible financing method for all new projects.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

April 2006

DEBT POLICIES

General

1. The City will confine long-term borrowing to capital improvement or projects that cannot be financed from current revenues except where approved justification is provided.
2. The City will utilize a balanced approach to capital funding utilizing debt financing, draws on capital reserves and/or fund balances in excess of policy targets, and current-year (pay-as-you-go) appropriations.
3. When the City finances capital improvements or other projects by issuing bonds or entering into capital leases, it will repay the debt within a period not to exceed the expected useful life of the project. Target debt ratios will be annually calculated and included in the review of financial trends.
4. Where feasible, the City will explore the usage of special assessment, revenue, or other self-supporting bonds instead of general obligation bonds.
5. The City will retire tax anticipation debt, if any, annually and will retire bond anticipation debt within six months after completion of the project.

Tax Supported Debt

6. Net debt as a percentage of total assessed value of taxable property should not exceed 2.5%. Net debt is defined as any and all debt that is tax-supported.
7. The ratio of debt service expenditures as a percent of total governmental fund expenditures should not exceed 15% with an aggregate ten-year principal payout ratio target of 60% or better.
8. The City recognizes the importance of underlying and overlapping debt in analyzing financial condition. The City will regularly analyze total indebtedness including underlying and overlapping debt.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

April 2006

DEBT POLICIES (continued)

Revenue Supported Debt

9. The City will target a minimum amount of equity funding of 10% of the capital improvement plan on a five-year rolling average.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

June 2011

RESERVE POLICIES

1. The City will establish an emergency reserve to pay for needs caused by unforeseen emergencies, including unanticipated expenditures of a nonrecurring nature, or to meet unexpected small increases in service delivery costs. This contingency reserve will be budgeted at not less than 0.5% of the operating funds.
2. Unrestricted, Unassigned Fund Balances will mean funds that remain available for appropriation by the City Council after all commitments for future expenditures, required reserves defined by State statutes, and previous Council assignments have been calculated. The City will define these remaining amounts as “available fund balances.”
3. Available fund balances at the close of each fiscal year should be at least 10% of the Total Annual Operating Budget of the City.
4. The City Council may, from time-to-time, appropriate fund balances that will reduce available fund balances below the 10% policy for the purposes of a declared fiscal emergency where an unanticipated budgetary shortfall is projected to exceed 10% or other such global purpose as to protect the long-term fiscal security of the City of High Point. In such circumstances, the Council will adopt a plan to restore the available fund balances to the policy level within 36 months from the date of the appropriation. If restoration cannot be accomplished within such time period without severe hardship to the City, then the Council will establish a different but appropriate time period.
5. The City has adopted a comprehensive strategy for the long-term stability and financial health of the Combined Water and Sewer Fund that provides for annual increases in fund reserves to an established goal of 50% of the Water and Sewer Fund operating budget.
6. The City Council may make formal action at any open meeting to establish, modify, or rescind a fund balance commitment. Committed fund balances do not lapse at the end of the fiscal year. The City Council may make informal action to authorize a portion of fund balance for a particular purpose or program, and designates similar authority to the City Manager. Assigned fund balances lapse at the end of the fiscal year unless these assignments are extended.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

June 2011

BUDGET DEVELOPMENT POLICIES

1. The City will develop the Annual Budget in conjunction with a stated program of performance objectives and measures with which to gauge progress toward meeting those objectives.
2. Water, sewer and electric rates will be established at the appropriate level to enable the related funds to be self-supporting. In addition, water and sewer rates will be established to maintain compliance with revenue bond covenants.
3. One-time or other special revenues will not be used to finance continuing City operations but instead will be used for funding special projects.
4. The City will pursue an aggressive policy seeking the collection of delinquent utility, license, permit and other fees due to the City.
5. The City has a revenue spending policy for programs and activities with multiple revenue sources. The Financial Services Director will use resources in the following hierarchy: federal funds, state funds, bond and/or installment contract proceeds, local non-city funds, city funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Financial Services Director and City Manager have the authority to deviate from this policy where it is in the best interest of the City.

FISCAL POLICY GUIDELINES - *Continued*

City of High Point, North Carolina

April 2006

CASH MANAGEMENT AND INVESTMENT POLICIES

1. It is the intent of the City that public funds will be invested to the extent possible to reduce the need for property tax and utility revenues. Funds will be invested with the chief objectives of safety of principal, liquidity, and yield, in that order. All deposits and investments of City funds will be in accordance with N.C.G.S. 159.
2. The Financial Services Director will establish a Cash Management Program that will be conducted in such a manner as to insure that adequate funds will always be available to meet the City's financial obligations and to provide the maximum amount of funds available for investment at all times. The Program shall comprehensively address at a minimum; Accounts Receivable/Billings, Accounts Payable, Receipts, Disbursements, Deposits, Payroll, Special Appropriations and Debt Service Payments.
3. The City will use a Central Depository to maximize the availability and mobility of cash for all funds that can be legally and practically combined.
4. All security transactions, including collateral for repurchase agreements, entered into by the city shall be conducted on a delivery-versus-payment (DVP) basis. Securities will be listed in the City's name if issued only in book entry form or held by a third party custodian and evidenced by safekeeping receipts. Certificated investments will be held by the Financial Services Director in the name of the City.
5. Investments of the City will be diversified to eliminate the risk of loss as a result of over concentration of securities in a specific issuer, class of securities, or maturity sector.

City of High Point, North Carolina – FY 2015-16 Annual Budget

May 18, 2015

Honorable Mayor and Members of the City Council
City of High Point, North Carolina

I am pleased to present the City's 2015-16 Annual Budget for your review and consideration. This budget was prepared in accordance with the provisions of the North Carolina General Statutes and the policies of the North Carolina Local Government Commission. This budget is balanced and reflects the City Council's commitment to responsible fiscal management, while enhancing services that improve the quality of life for the citizens of High Point. Funds included in the budget are adequate to continue providing the services I believe are expected by our citizens. The budget attempts to strike a balance between addressing the needs of today and providing flexibility to address the needs of the future.

This budget addresses many of the goals that Council has expressed an interest in during my short time as your Manager. The major items addressed include enhancing Livability, Transparency, Accountability and Infrastructure. These items are addressed with a tax rate decrease and without significantly sacrificing current levels of service.

TOTAL FY 2015-16 BUDGET

The comparable year over year budget comparison of expenditures from this year to last year, the increase is \$5,434,083 or 1.6%

The total FY 2015-16 budgeted expenditures for the City of High Point amount to \$364,048,404. This is an increase of \$22,350,111 or 6.5% from the FY 2014-15 Budget. The majority of this increase is related to an accounting change due to how health insurance is budgeted, and a large one time capital purchase. The chart below displays the net budget, the accounting change, and the large one-time expenditure:

CITY OF HIGH POINT TOTAL BUDGET SUMMARY				
Budget	Original FY 2015 Budget	Proposed FY 2016 Budget	\$ Change Prop/Orig	\$ Change Prop/Orig
Total Net Budget	341,698,293	347,132,376	5,434,083	1.6%
Insurance Reserve Fund	-	10,446,176	10,446,176	0.0%
Transit Bus Replacement	-	6,469,852	6,469,852	0.0%
Total Budget	341,698,293	364,048,404	22,350,111	6.5%

The majority of the increase, \$16,916,028 or 4.9% is related to these two new items. The first is a change in how we currently budget our expenses for health, dental and life insurance. There is a need at this time to create an Insurance Reserve Fund. The funds are already budgeted, and it is only the creation of the new fund that is causing the majority of the increase.

The second item is an increase of \$6,469,852 for the purchase of 15 new transit buses. This has been a long planned replacement which is funded through a combination of grant funds and local funds. The chart below list the sources of funds and percentage of participation by the Federal, State and local government.

City of High Point, North Carolina – FY 2015-16 Annual Budget

CITY OF HIGH POINT BUS REPLACEMENT PLAN		
Budget	Original FY 2015 Budget	\$ Change Prop/Orig
Federal Funds	5,600,000	80.0%
State Funds	700,000	10.0%
Previous Years' City Funds	530,148	7.6%
Current Year City Funds	169,852	2.4%
Total Budget	7,000,000	100.0%

If we adjust for these items the actual net increase is \$5,434,083 or 1.6% over the previous fiscal year adopted budget.

Recent decisions by the State Legislature that impact local governments' ability to raise revenue will be closely monitored. In 2013 the State took away the ability for local governments to charge a privilege license fee, which meant a decrease of over \$800,000 for High Point, the equivalent to 9/10ths of a penny to our tax rate. We have seen an uptick in sales tax revenue this year, which has covered much of this anticipated loss. However, the legislature is considering future changes to sales tax distribution which could have an impact of up to \$3 million annually.

Below is a chart of total 2015-16 budgeted revenues and expenditures compared to the 2014-15 Adopted Budget:

CITY OF HIGH POINT TOTAL BUDGET SUMMARY						
Sources and Uses of Funds	FY 2014 Actual	Original FY 2015 Budget	FY 2015 Estimate	Proposed FY 2016 Budget	\$ Change Prop/Orig	\$ Change Prop/Orig
REVENUES						
Fund Balance	-	11,302,046	1,666,995	7,567,796	(3,734,250)	-33.0%
Property Tax	61,607,104	60,768,208	60,708,721	59,854,492	(913,716)	-1.5%
Sales & Use Taxes	18,258,133	22,265,009	25,245,000	26,002,070	3,737,061	16.8%
Intergovernmental Revenues	22,397,560	19,514,400	20,312,338	19,624,143	109,743	0.6%
Licenses & Permits	4,237,784	3,799,800	3,803,430	3,111,917	(687,883)	-18.1%
Charges for Services	195,601,410	200,492,845	200,357,106	216,597,090	16,104,245	8.0%
Miscellaneous Revenues	9,912,082	7,601,701	7,631,893	11,181,802	3,580,101	47.1%
Reimbursements	6,819,261	180,000	180,000	180,000	-	0.0%
Net Total Revenues	318,833,334	325,924,009	319,905,483	344,119,310	18,195,301	5.6%
Interfund Activities	10,090,566	15,774,284	15,393,822	19,929,094	4,154,810	26.3%
Total Revenues	328,923,900	341,698,293	335,299,305	364,048,404	22,350,111	6.5%
EXPENDITURES						
Personnel Services	89,895,307	94,830,129	92,508,890	96,144,582	1,314,453	1.4%
Operating Expenditures	171,070,012	169,608,971	164,975,049	182,721,153	13,112,182	7.7%

FY 2015-16 MAJOR REVENUES HIGHLIGHTS

Total revenues for FY 2015-16 are projected to increase \$22,350,111, which is a 6.5% increase from the FY 2014-15 Adopted Budget. The 2015-16 Budget proposes a number of changes to our current revenue basis, including a 1.4 cent tax rate decrease, a \$3/month increase in garbage collection fees, a 3.5% water-sewer rate increase, and a \$1/month increase in storm water fees. Greater details are outlined below:

- The budget decreases the city's current \$.664 property tax rate by 1.4 cents, to \$.65 cents. A penny on the tax rate generates approximately \$914,000. This tax rate decrease is the second year of a three year decrease which is anticipated due to moving the Environmental Services Division from the General Fund to the Solid Waste Enterprise Fund. This rate decrease equals approximately \$1,280,000 in General Fund tax revenue. The chart below shows the impact of the tax rate decrease on the total tax generated the impact on a property owner in a \$100,000 home.

CITY OF HIGH POINT PROPERTY TAX COMPARISON			
	FY 2014	FY 2015	\$ Change
Tax Rate (in cents)	66.4	65.0	(1.4)
Current Year Tax generated	\$60,675,477	\$59,396,175	(\$1,279,302)
Tax on a \$100,000 home	\$664	\$650	(\$14)

- Increases the current \$8.00 per month solid waste collection fee to \$11.00 per month beginning July 1, 2015. This \$3.00 increase is the second increase in a three year plan to transition the Environmental Services Division from the General Fund to the Solid Waste Enterprise Fund. This rate increase will generate approximately \$1,465,000.
- Includes a 3.5% water and sewer rate increase effective October 1, 2015 to continue the long range strategy to fund water and sewer bonds. This rate increase is less than the 4.0% to 6.0% recommended amount that was developed by the City in conjunction with Davenport and Company. This long range financing strategy has been in place since 2004.
- An increase of storm water ERU (equivalent residential unit) fees of \$1 per month, from \$2 to \$3. This increase will generate approximately \$1.3 million in additional revenue, which will fully fund the debt service for storm water capital projects related to the 2004 bond authorization, shifting this burden away from general fund tax revenue.

FY 2015-16 EXPENDITURE HIGHLIGHTS

The comparable year over year expenditure total is an effective increase of \$5,434,083 or 1.6%. The total expenditure increase for the FY 2015-16 Budget is \$22,350,111 or 6.5% more than the FY 2014-15 Adopted Budget.

This budget attempts to address the serious issue of continued decline in the appearance of the city. I am proposing a number of solutions to address this critical issue.

First, I am proposing a return to a proactive code enforcement program in High Point by adding four full-time code enforcement officers. The officers, in combination with the two existing positions, will significantly enhance the ability of our staff to address the issue of dilapidated and substandard housing. These additional resources will give us the staffing to go from a complaint driven system to a system where we have the ability to self-initiate action on many of the code enforcement violations throughout the city.

Secondly, I am proposing to add a program to enhance the appearance of our streets and rights-of-way. An enhanced mowing program will increase the frequency of mowing and litter collection of major thoroughfares, specialty areas, street slopes and banks, and litter collection in the downtown area. Enhancing this highly visible service will require an addition of 3 full-time and 5 seasonal employees to our existing staff. The addition of these positions and additional equipment will allow us to increase service levels. For instance, we will increase the frequency of mowing on major thoroughfares from every 6 week cycles to 2 week cycles, and mowing of specialty areas from 14 day cycles to 10 day cycles.

Third, I am proposing the addition of a Street Sweeper position and vehicle, which, in conjunction with the two current positions, will enable city staff to increase the frequency of cleaning our roadways by 33%.

And finally, a budget of \$500,000 is included for redevelopment efforts. These efforts could include purchasing property in targeted areas for land banking, or funding for increased demolition of substandard property.

These investments will give us the ability to not only enhance the appearance of the city in the short term, but to enhance property values citywide in the long term. These strategies will continue to be monitored in future years to ensure their effectiveness.

Another major focus area addressed as part of this budget is the enhancement of our current Public Information Office, which we will now call our Communications and Public Engagement department. Additional staffing is needed in order to enhance our ability to communicate with Citizens, the news media, City Council and other interested parties. I am proposing the addition of a Marketing Manager position and a Communications Specialist to supplement the work that our Public Information Officer does in this vital service area. The focus of the department will be to increase the frequency and quality of communications, marketing, outreach and partnerships with our community interest groups

The needs, priorities and details of each fund are highlighted in detail throughout this document. Below are the major expenditure highlights included in the FY 2015-16 Proposed Budget by area of focus:

- To fund the following personnel related items are being proposed:
 - Eliminate twelve positions, which will be reprioritized to fund new priorities. The positions include ten from the General Fund and two from the Solid Waste Fund. Positions deleted include a Financial Services Manager, 2 Construction Inspectors, 1 Library Assistant, 1 Library Lending Supervisor, 1 Librarian, 1 Golf Course Grillroom Attendant, 2 Maintenance Equipment Operators, 1 Internal Auditor, 1 Sanitation Worker and 1 MRF Equipment Operator. Total savings from these positions is \$361,215. These positions are currently vacant.

- A 1.0% cost of living increase for all eligible employees on July 1, 2015, and an average 2.0% merit increase on eligible employees' anniversary date. The cost of this pay plan is approximately \$1,345,000 citywide. The cost by each major fund is: General Fund (\$965,000), Water/Sewer (\$131,000), Electric (\$107,000), Solid Waste (\$60,000), all others (\$82,000). This proposal will help the city remain competitive in the retention of staff.

Funds are included to address each of these major budget themes:

ENHANCED LIVABILITY

- Four Code Enforcement Officer positions and necessary equipment and vehicles at a cost of \$318,992.
- One Street Sweeper position (\$38,465), one street sweeper vehicle (\$235,000) and annual fuel and maintenance costs (\$40,000), all paid for by Storm Water user fee revenue.
- The addition of 3 full-time and 5 seasonal employees and equipment for the enhanced mowing operation and litter collection on public rights-of-way. These positions are funded for half the year, and the first year cost of personnel and equipment is \$304,466.
- \$500,000 in funds for redevelopment efforts.
- Addresses the need for enhanced Wi-Fi connectivity by adding this service to Oakview, Allen Jay and Deep River recreation centers at a cost of \$24,500. In addition to these added sites, \$38,800 is included for upgrading speed at our current downtown sites to 1 gig Wi-Fi, which will address many of the slowdowns that are encountered during Furniture Market.
- Includes \$300,000 in anticipation of participation in a countywide economic development effort.
- Increases the current Façade Grant Match program from \$35,000 to \$50,000.

ENHANCED TRANSPARENCY AND ACCOUNTABILITY

- The addition of a Marketing Manager and a Communications Specialist for enhanced citywide communications at a cost of \$147,242.
- 1 Assistant City Manager position for \$157,029 to enhance accountability and span of control issues.
- Includes \$15,000 for a citywide cost allocation plan study.

ENHANCED INFRASTRUCTURE

- Plans the acquisition of three Fire apparatus for \$1,700,000. These vehicles will be funded using lease purchase funds. A long range fire apparatus replacement plan has

been developed that proposes a steady cash funding source and using a combination of lease purchase financing and cash funding.

- Anticipates using \$250,000 for various updates to City Hall to initiate and address enhanced customer access to Building Inspections and Planning.
- Included lease purchase funding for \$3,600,000 for an upgrade to our 800 MHz radio system. The current system platform is a Motorola 4.1 platform which was purchased in 1988, and support for this platform will end this year. The new 7x platform is anticipated to have a similar lifespan and is compatible with our current handheld units.
- Continues funding \$1,400,000 in pay-as-we-go neighborhood street resurfacing.
- \$4,500,000 in pay-as-we-go water and sewer improvements, including \$2,000,000 for obsolete water and sewer lines.
- This budget plans \$7,000,000 to replace the entire fleet of transit buses. The current year budget appropriates \$6,469,852, and \$530,148 was appropriated in prior years. The funding for the \$7,000,000 total cost is shared between the Federal Government at 80% (\$5,600,000), State Government at 10% (\$700,000), and City funds at 10% (\$169,852 in current year funds, \$530,148 in prior year appropriations.)
- Plans for \$500,000 for design and right-of-way acquisition of Kersey Valley Road and \$320,000 for an equipment shed at the landfill, all paid for with Solid Waste funds.
- Includes \$350,000 for pay-as-we-go routine storm water projects and \$169,000 for an additional leaf collection machine funded from storm water fee revenue.
- Replaces \$2.4 million in vehicles funded with cash from the Fleet division of the Central Services Fund. Equipment to be replaced includes a compact rear loader, vector truck, electric bucket truck, off road equipment, sedans, light trucks and police vehicles.

FY 2015-16 PERSONNEL, SALARIES AND BENEFITS HIGHLIGHTS

The 2015-16 Adopted Budget started with a base of 1,368 full-time and 209 part-time positions that were approved in the previous years' budget. The following changes have been made to this position count:

- Addition of 11 full-time positions, including 4 Code Enforcement Officers, 1 Assistant City Manager, 2 Public Information Office positions, 1 Street Sweeper position, and 3 Street Department positions. Addition of 5 seasonal Street Department positions.
- Deleted 12 full-time positions, including a Financial Services Manager, 2 Construction Inspectors, 1 Library Assistant, 1 Library Lending Supervisor, 1 Librarian, 1 Golf Course Grillroom Attendant, 2 Maintenance Equipment Operators, 1 Internal Auditor, 1 Sanitation Worker and 1 MRF Equipment Operator.
- Accounts for a number of "overhire" positions that were approved in prior years. These are positions that were allowed to supplement current operations or to begin the process of filling vacancies prior to the actual date of the vacancy. This strategy has been used

City of High Point, North Carolina – FY 2015-16 Annual Budget

in a few departments, particularly in Police and Fire, where the time to recruit and train new employees would take critical first responders out of duty for extended amounts of time. These positions were budgeted but not shown on the official position count. By recognizing these positions, there will be 10 Police, 9 Fire, 5 Emergency Communications (911) positions, and 2 Phone Center employees added to the official position count.

- Accounts for 1 Wellness Coordinator that was converted from a part-time to a full-time position and an Internal Auditor position that was added mid-year in FY 2014-15.
- Accounts for 2 full-time Transportation positions that were previously shown as part-time. The positions are partially funded by the Metropolitan Planning Organization (MPO), and therefore had been listed as part-time.

All these changes yield a position count of 1,397 full-time and 211 part-time positions. The chart below shows the changes discussed above:

CITY OF HIGH POINT FY 2014-15 TO FY 2015-16 POSITION CHANGES		
POSITION CHANGES	FULL-TIME	PART-TIME
BEGINNING POSITION COUNT:	1,368	209

Call Center overhires	2	-
TOTAL	1,397	211

PAY FOR PERFORMANCE

This budget continues a two-tiered compensation plan in order to remain competitive in the current job atmosphere. The first tier is a 1.0% cost of living increase for all eligible employees effective July 1, 2015. The second tier is a pay-for-performance increase which will range from 0.0% to 2.0% increase. This second tier will be effective on the employee's anniversary date. The annual cost of this program is \$1,345,000 citywide. The cost by each major fund is: General Fund (\$965,000), Water/Sewer (\$131,000), Electric (\$107,000), Solid Waste (\$60,000), all others (\$82,000).

EARLY RETIREMENT INCENTIVE PROGRAM

Since 2006, it is estimated that the City has saved more than \$3.7 million from 243 employees who have taken advantage of the early retirement program. Approximately 20-25 eligible employees are expected to accept early retirement this year for an additional \$450,000 in savings.

This year the early retirement incentive program has been offered to 132 eligible employees. This voluntary program is available to employees age 55 or older with 30 or more years of creditable service or employees 60 or older with 5 or more years of service with the Local Governmental Employees Retirement System.

The early retirement program will continue to be evaluated on an annual basis.

CAPITAL IMPROVEMENT PROGRAM

Capital investments and reinvestments are critical elements in the City's total Financial Program. Capital improvements are financed by one of four basic methods.

The first method involves the issuance of voter approved general obligation bonds generally backed and paid by property taxes. The second method is a slight variation of the first, and allows the City to issue small amounts of what are known as two-thirds general obligation bonds from time-to-time that do not require tax increases or voter approval. The third method involves water and sewer revenue bonds, backed and paid by revenues from our water and sewer system. Water and sewer revenue bonds do not require voter approval. Both general obligation and revenue bond financing involve principal, interest and cost of issuance expenses. The fourth method is pay-as-we-go capital financing. The pay-as-we-go alternative, developed and expanded in the past nine years, allows us to finance needed capital improvements from current revenues, grants and other funds, thereby avoiding the additional and higher cost associated with the issuance and financing of long-term debt.

The City has engaged Davenport & Company, LLC of Richmond, Virginia as our financial advisor since 2003. Davenport has assisted the City with general obligation and revenue bond planning and modeling, financial policies, rating agency strategies and interactions, bond issuance, investment analysis, and bond refunding analysis.

Capital investments are necessary for a city to replace existing and invest in new infrastructure. Debt financing of this infrastructure is a sound financial strategy as long as the borrowing is done in a strategic and conservative fashion. Local policies are in place to ensure that borrowing is done responsibly, and oversight of our borrowing practices are in place through the

Local Government Commission. The City is well prepared to address replacement of existing infrastructure and meet and provide for future growth and development.

GENERAL OBLIGATION BONDS

General obligation bonds are a common type of municipal bond that is secured by the full faith and credit of the tax rate to repay bond holders. This debt instrument was used to fund the 2004 bond authorization.

The City has largely completed all the projects related to the \$73.65 million 2004 bond authorization. Completed projects include the following:

- Street projects including the reconstruction of Oakview Road, Old Winston Road, Barrow Road, Lindsay Road, the extension of Hartley Drive and Deep River at Eastchester, Kivett gateway improvements, and various intersection improvements.
- Parks and Recreation projects, including enhancements at Harvell Park, City Lake Park, Washington Terrace Park, Armstrong Park, Oak Hollow marina, and the Phillips Soccer Complex. Funds also reconstructed the Deep River and the Allen Jay recreation centers and acquired land for future park development.
- Replacement of Fire Station #3, Fire Station #4, and the Fire Maintenance and Logistics facility.
- Expansion and renovation of the Library.

Major storm water projects including projects at Ray Street, Jacobs Place, Rockford, Rotary and Kensington, Hamiton and Montlieu, Charlotte Avenue and Delk Drive. The entire debt for the 2004 Bond Authorization will be retired in 2034.

Any new GO Bond authorization will include the following steps:

- Refining the existing debt capacity model
- Developing a debt affordability model which identifies sources of repayment for existing debt service and funds available for future debt service, including accumulated reserves
- Modeling the City's Capital Improvement Plan
- Analyzing the impacts of funding scenarios relative to the City's debt capacity and affordability
- Developing a comprehensive plan of finance
- Implementing the plan of finance

TWO-THIRDS GENERAL OBLIGATION BONDS

Two-thirds bonds are State authorized General Obligation bonds that may be issued without voter approval. The statute allows a local government to issue up to 2/3 of the amount of GO bonds that were paid off in the previous year. These bonds can be used for any other general

obligation purpose, except they cannot be issued to finance auditoriums, coliseums, arenas, stadiums, civic centers or convention centers, art galleries, museums, historic properties, public transportation systems, cable television systems or redevelopment projects.

Since 2007, Council has authorized the issuance and use of \$21,515,000 in two-thirds generation bonds to complete a wide variety of needed improvements.

Through the years, two-thirds bonds have been used to improve and upgrade the Athletic Complex, Oak Hollow Campground, Washington Terrace swimming pool, City Lake dock and pier, Camp Ann restrooms, Lindsay Street utility and landscaping, and other improvements. Two-thirds bond money from 2012 has been set aside to help finance various improvements in the Main Street corridor and the Library Plaza project.

In 2014 there was \$6,115,000 in two-thirds bonds issued to help finance the completion of sidewalk improvements, sidewalk and curb and gutter improvements on Cedrow Drive, railroad bank stabilization along Washington Street, greenway completion, and a new fire training tower and site improvements at the fire training facility.

The current budget does not include a two-thirds bond issue, but there will be capacity to issue approximately \$6 million in two-thirds bonds in this fiscal year.

WATER AND SEWER REVENUE BONDS

Revenue bonds are municipal bonds that finance income-producing projects that are secured by a specified revenue source, such as water and sewer rates. Revenue bonds are issued by the government agency for operations that run in the manner of a business, with operating revenues and expenses, such as our Water & Sewer Fund. The pledge to repay the bond is guaranteed by the rates of the Water & Sewer Fund.

The City has invested more than \$276,790,000 in various major water and wastewater projects in the past seventeen years. This includes the 2014 sale of \$39.1 million for projects such as the Westside Wastewater Treatment Plant, incinerator rebuild and upgrades, water/sewer line expansion to NC66/I-74, and various other projects.

Over the next five years, we anticipate financing and completing an estimated \$57,765,400 in additional major water and wastewater bond projects, including issuance of approximately \$38 million in the FY 2015-16. Projects for this fiscal year include \$12,750,000 for the Westside Wastewater Treatment Plant Phase 3; \$8,000,000 for incinerator rehabilitation and emission improvements; \$6,300,000 for various outfall improvements, \$5,000,000 for utilities related to the widening of Skeet Club; \$2,100,000 for the replacement of the Ward Water Tank, and \$2,800,000 for the Ward Water Plant electrical rehabilitation; and others. These investments and the financing of these investments are included in our long-range business plan that has been developed in conjunction with Davenport and Company. Staff is evaluating the plan beyond the five year range and will be updating it as needed.

Revenue bonds are paid from water and sewer utility revenues, and not from property taxes. Revenue bonds do not require voter approval.

BOND AGENCY RATINGS

The City's capacity to finance and pay for needed improvements is evaluated from time to time by the following rating agencies: Moody's Investment Services, Standard & Poor's, and Fitch Ratings. Protecting and enhancing our bond ratings is one of our highest priorities.

The City has seen a series of bond rating upgrades since 2003, including the addition of a AAA bond rating assignment by Standard & Poor's. The City's bond ratings were re-affirmed in conjunction with our bond sale in April 2014. The City enjoys highly favorable bond ratings from each agency, which in turn lowers our cost of borrowing. These favorable ratings were due to strong and conservative financial management practices and adherence to financial policies, Local Government Commission regulations and state laws. The chart below shows a history of High Point's rating changes:

CITY OF HIGH POINT BOND RATING HISTORY			
Rating Action Date	Moody's	Standard & Poor's	Fitch
GENERAL OBLIGATION BONDS			
May 2003	Aa3	AA	n/r
September 2005	Aa3	AA	AA
October 2007	Aa2	AA	AA
May 2008	Aa2	AAA	AA
April 2010	Aa2	AAA	AA+
May 2012	Aa1	AAA	AA+
REVENUE BONDS			
October 2004	A1	A+	AA
May 2008	Aa3	AA	AA
June 2010	Aa2	AA+	AA+
May 2012	Aa2	AAA	AA+

High Point is one of sixteen cities in North Carolina that have achieved a AAA bond rating. The others include Apex, Carrboro, Cary, Chapel Hill, Charlotte, Cornelius, Durham, Fuquay-Varina, Greensboro, Huntersville, Morrisville, Raleigh, Wake Forest, Wilmington and Winston Salem.

DEBT SERVICE SUMMARY

High Point has managed debt service to intentionally keeping our debt service costs stable from year to year. Management of our debt service is part of a long range debt management plan devised in conjunction with our financial advisors, Davenport and Company, and this plan adheres to the City of High Point's Fiscal Policies, Local Government Commission regulations, and state law. Annual debt service payments reflect the cost of rebuilding and adding capacity to the City's water, wastewater, transportation, public safety and other infrastructure elements. The total outstanding tax supported and utility supported debt is shown in the table below:

City of High Point, North Carolina – FY 2015-16 Annual Budget

CITY OF HIGH POINT EXISTING ANNUAL DEBT SERVICE REQUIREMENTS									
	TAX SUPPORTED DEBT			UTILITY SUPPORTED DEBT			TOTAL DEBT SERVICE		
	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	TOTAL
FY 2016	7,238,484	3,683,777	10,922,261	9,770,794	7,771,662	17,542,456	17,009,278	11,455,439	28,464,717

GENERAL FUND PAY-AS-WE-GO

General Fund pay-as-we-go capital investments have increased by \$645,438 or 25.7%, from \$2,516,070 in 2014-15 to \$3,161,508 for 2015-16. The pay-as-we-go investments in the General Fund include:

Street Resurfacing	\$1,400,000
Engineering GPS Unit	12,500
Enhanced Mowing Program equipment	224,000
Parks & Rec Mowers & Other Equipment	161,000
Fire Station Generator (1 station)	18,300
Fire Station Training Center improvements	25,000
Vehicles for new Code Enforcement Officers	90,000
Police fingerprint lab equipment	40,000
Traffic Division Sign Equipment	36,000
Sidewalk construction	100,000
IT Equipment	371,458
Golf course cart path improvements	80,000
Johnson Street/Sandy Ridge Road (match)	128,250
I-74/NC68 Interchange improvements (match)	150,000
Traffic signal upgrades (match)	100,000
Skeet Club widening (match)	125,000
City Hall electric system upgrade	<u>100,000</u>
General Fund Total	\$3,161,508

WATER AND SEWER PAY-AS-WE-GO

Water and Sewer pay-as-we-go capital reinvestments have increased \$695,291 or 17.1%, from \$4,063,909 in 2014-15 to \$4,759,200 for 2015-16. A list of 2015-16 Water and Sewer pay-as-we-go investments are shown below:

Replace Obsolete Neighborhood Water Lines	\$1,000,000
Replace Obsolete Neighborhood Sewer Lines	1,000,000
Incinerator Rehab	1,000,000
Waterview Pump Station	300,000
Operating Equipment and Machinery	559,200
Alum Sludge Removal	300,000
Large Meters Change-out	150,000
NCDOT – TIP Program	150,000
Water Meter Change-out	100,000
Water System Improvements	100,000
Sewer System Improvements	<u>100,000</u>
Water & Sewer Total	\$4,759,200

ELECTRIC PAY-AS-WE-GO

The \$7,126,664 in pay-as-we-go reinvestments in the 2015-16 Electric Fund represents a \$22,664 or 0.3% increase compared to the \$7,104,000 included in the 2014-15 Annual Budget:

Electric System Improvements	\$2,430,000
HPU Substation (1 st year of 2 year funding)	1,800,000
Backyard Digger Derrick	250,000
Underground Conversion	600,000
Automated Meter Reading	200,000
Load Management	148,000
Linden Substation 100kv conversion (1 st year of 2 year funding)	1,000,000
Replace Metal Clad Switchgear	260,000
Operating Equipment and Machinery	128,664
Outdoor Lighting	<u>310,000</u>
Electric Capital Total	\$7,126,664

SOLID WASTE PAY-AS-WE-GO

The \$2,365,000 in 2015-16 pay-as-we-go is a decrease of \$230,000 or 8.9% from FY 2014-15. Landfill related investments include funding for multi-year reserves for land purchases at Kersey Valley Phase V, funds for relocation of Kersey Valley Road, and future Phase IV development:

Landfill – Land Purchase	\$250,000
Kersey Valley Road Relocation	250,000
Landfill Equipment Shed	320,000
Landfill Phase IV	<u>1,545,000</u>
Landfill Capital Total	\$2,365,000

STORM WATER PAY-AS-WE-GO

The \$818,500 in 2015-16 pay-as-we-go is an increase of \$246,500 or 43.1% from FY 2014-15. Storm Water investments include the following:

Storm Water routine projects	\$350,000
Street Sweeper vehicle	299,500
Leaf Collection vehicle	<u>169,000</u>
Storm Water Capital Total	\$818,500

OTHER PAY-AS-WE-GO

The \$3,951,736 in other 2015-16 pay-as-we-go investments includes the scheduled replacement of vehicles, normal computer and radio replacements, routine storm water projects, and others outlined below:

Fleet Replacement Program	\$2,456,500
Radio System Equipment	36,844
Computer System Replacements	302,812
911 System upgrades – grant	985,728
Transit Bus Replacement – Grant match	<u>169,852</u>
Other Capital Total	\$ 3,951,736

2015-16 MAJOR FUND SUMMARIES

GENERAL FUND

The 2015-16 General Fund Budget of \$102,416,709 is \$2,074,769 or 2.1% more than the adopted 2014-15 budget of \$100,341,940. The 2015-16 General Fund Budget is balanced with revenues of \$99,944,882 and \$2,471,827 from prior year fund balances. General Fund revenues and expenditures are summarized below:

City of High Point, North Carolina – FY 2015-16 Annual Budget

GENERAL FUND REVENUES

Below is a summary of major General Fund revenue changes:

- Property tax revenues represent 55.5% or \$56,870,148 of the General Fund. Property tax collections are projected to decrease approximately \$750,000 or 1.3% due to a decrease in property tax rate, from 66.4 cents to 65.0 cents.
- Sales tax revenues represent about 25% of General Fund revenues and are projected to increase approximately \$3,700,000 or 17.0% due to changes in sales taxes for electric and natural gas sales, a broadening of the sales tax base, and increased collections.
- License and permit fees are projected to decrease \$666,000 or 37.3% due to the state repeal of the privilege license.
- Charges for service are projected to decrease approximately \$800,000 or 15.7% due to less growth in Parks and Recreation revenue than previously predicted.

City of High Point, North Carolina – FY 2015-16 Annual Budget

- Miscellaneous revenues are increasing approximately \$1,700,000 or 243% due to lease purchase proceeds related to fire truck purchases.

GENERAL FUND EXPENDITURES

Below is a summary of major General Fund expenditure changes:

- Capital outlay is increasing approximately \$2,300,000 or 577%. This increase is due to \$1,700,000 in fire truck purchases, \$244,000 in enhanced mower program equipment, \$161,000 in Parks and Recreation Equipment, \$371,458 in IT equipment, and \$90,000 for Code Enforcement vehicles, offset by various decreases in one-time items from the previous year.
- Debt service is increasing by \$218,503 or 53% due to debt service for IT storage devices that was approved in FY 2014-15 (\$146,090) and fire truck debt service (\$102,549) for the \$1,700,000 in lease purchase financing proposed in FY 2015-16.

ASSESSED PROPERTY VALUES

The combined total assessed valuation estimates from our four County taxing authorities is \$9,137,873,047 for 2015-16, for a 0.3% increase. The value of one cent in tax rate will produce approximately \$914,000 revenues. Below is a chart of our historic assessed value history:

CITY OF HIGH POINT ASSESSED VALUE HISTORY								
Fiscal Year	REAL PROPERTY				Personal Property	Public Service Companies	Total Assessed Value	% Inc yr/yr
	Residential Property	Commercial Property	Industrial Property	Total

TAX RATE AND COLLECTIONS

The proposed FY 2015-16 tax rate is 65.0 cents, which is a decrease of 1.4 cents from the Fiscal Year 2014-15 rate of 66.4 cents. This decrease is due to the second year of the plan to transfer the garbage collection service from the General Fund to the Solid Waste Fund.

The total proposed tax rate of 65 cents is divided between the General Fund and the General Debt Service Fund. The General Fund receives 61.6 cents, and the General Debt Service Fund receives 3.4 cents. Of the total current year estimated collections of \$58,252,713, the General

City of High Point, North Carolina – FY 2015-16 Annual Budget

Fund will receive \$55,196,244, and the General Debt Service Fund will receive \$3,056,470. A conservative blended collection rate of 98.4% is planned for current year tax collections since historically 98% of real property tax and 99% of automobile property tax is collected within the fiscal year. Below is a chart of the history of the tax rate, total tax levy, and collection amounts.

CITY OF HIGH POINT PROPERTY TAX COLLECTION HISTORY							
Fiscal Year	Tax Rate	Total Tax Levy	Collected within the Fiscal Year of the Levy		Prior Year Collections	Total Collections to Date

WATER AND SEWER RATES

The 2015-16 Water and Sewer Fund includes a 3.5% water and sewer rate increase effective October 1, 2015. This increase is to fund the debt service on the approximately \$38 million in water and wastewater bonds that will be issued around the beginning of calendar year 2016.

This necessary rate increase is in line with the long-range capital financing plan that has been developed by Davenport & Company. This plan calls for annual rate increases between the 3.0% to 5.0% range to pay for this critical infrastructure development. This strategy was adopted in the early 2000s to avoid some of the 15-22% rate increases that were needed due to lack of proper long range planning. Below is a history of water and sewer rate increases:

City of High Point, North Carolina – FY 2015-16 Annual Budget

CITY OF HIGH POINT HISTORIC ANNUAL WATER AND SEWER RATE INCREASES			
FISCAL YEAR	EFFECTIVE DATE	WATER % CHANGE	SEWER % CHANGE
FY 2001	7/1/2000	17.20%	15.70%
FY 2002	7/1/2001	5.00%	22.20%
FY 2003	7/1/2002	8.00%	15.00%
FY 2004	7/1/2003	6.30%	14.50%
FY 2005	10/1/2004	4.90%	4.90%
FY 2006	10/1/2005	4.90%	4.90%
FY 2007	10/1/2006	4.90%	4.90%
FY 2008	11/8/2007	4.85%	4.85%
FY 2009	10/1/2008	5.90%	5.90%
FY 2010	10/1/2009	5.00%	5.00%
FY 2011	10/1/2010	4.90%	4.90%
FY 2012	10/1/2011	4.90%	4.90%
FY 2013	no increase	0.00%	0.00%
FY 2014	no increase	0.00%	0.00%
FY 2015	7/1/2014	3.00%	3.00%
FY 2016 (proposed)	10/1/2015	3.50%	3.50%

Water and sewer revenue rates are a critical component of funding the operation, maintenance and needed capital improvements for water treatment facilities and distribution lines, and for wastewater collection lines and treatment systems. Property taxes are not used to finance water and sewer utility services.

ELECTRIC FUND

The 2015-16 Electric Fund Budget of \$130,187,034 represents a 1.5% or \$1,861,514 increase from the 2014-15 Annual Budget of \$128,325,520. There is a proposal pending with Electricities to refinance a substantial portion of outstanding debt which could result in a wholesale power rate decrease. At this time there is not enough information to make an informed decision, so the 2015-16 Electric Fund Budget does not recommend a change in the current rate. We will continue to work with Electricities and brief the Council as soon as final decisions are made.

Wholesale power cost for FY 2015-16 is budgeted at \$102,500,000, which is the single largest expense in the Electric Fund and citywide budget. The budget continues to include \$100,000 for assistance to qualified low income customers, as well as \$7,126,664 in major capital projects mentioned earlier in this message. These routine capital investments are necessary to maintain efficient and ongoing operation of the Electric System.

FUND BALANCES/RETAINED EARNINGS

Fund balances and retained earnings are an absolutely critical, but often misunderstood and overlooked part of the Annual Budget. Fund balances and retained earnings consist of unencumbered and un-appropriated monies. They are essential for maintaining our strong bond ratings as well as to maintain positive year-round and year-to-year cash flows. Strong fund balances are essential as we plan ahead for subsequent budgets.

The North Carolina Local Government Commission recommends maintaining an 8.0% balance in each fund. This is necessary for maintaining positive year-round cash flows, reducing the need for short term borrowing, and assisting in maintaining investment grade bond rating. The High Point City Council adopted Fiscal Policy calls for a minimum 10.0% fund balance of estimated expenditures as a signal of financial strength and fiscal stability. The City of High Point applies the policy to all operating funds *except* the Water-Sewer Fund, which calls for a 50% fund balance, and the Economic Development, General Debt, and General Capital Project funds, which are covered by more specific strategic plans.

The Water & Sewer Fund is \$438,971 or 9/10% less than the target 50% fund balance due to fund balance appropriation related to one-time capital purchases. The Mass Transit negative fund balance is due to a backlog of Federal grant reimbursements that have not been received yet. Full reimbursement is expected to occur this calendar year and the fund balance is expected to be positive. The Solid Waste fund balance shortage of \$166,385 or 1.1% is due to the transition of the Environmental Services division from the General Fund to the Solid Waste

City of High Point, North Carolina – FY 2015-16 Annual Budget

Fund. This was projected in the transition plan and will be corrected when the plan is fully implemented in Fiscal Year 2016-17.

The table below summarizes changes in annual fund balances/retained earnings, including early estimates for June 30, 2016:

CONCLUSION

I am pleased to present to you a budget that addresses the enhancement of livability, transparency, accountability and infrastructure in High Point. This budget continues to provide the quality programs and services our residents have come to expect and enjoy. High Point's financial condition is stable and strong. The FY 2015-16 Budget is balanced, meets all statutory requirements, and addresses many of the critical issues that Council has expressed interest in addressing.

I want to acknowledge all of the staff members who assist in the preparation of this policy document. Their efforts and professionalism are appreciated. I also thank the Mayor and City Council for your leadership and commitment to the City of High Point.

Respectfully submitted,

Greg Demko
City Manager

The Summaries/Analysis section contains charts, graphs, summary tables, and discussions of the City's revenues and expenses for fiscal year 2015-2016 with historical data for comparison purposes.

The Consolidated Summary of Revenues and Expenditures that begins this section is a summary of total revenues and expenses by fund by major revenue and expense category. Following this summary the section is divided into revenue and expense information, personnel summaries, and outstanding debt information.

Sales and Use Tax/Licenses and Fees	Sales Tax, Vehicle Tax, Room Occupancy Tax, Licenses, Permits, Inspections, Library Fines, and other Miscellaneous Fees
Appropriated Fund Balance	Fund Balances

ESTIMATED CHANGES IN FUND BALANCES

Fund Balance represents the excess of a fund's assets and revenues over its liabilities, reserves, and expenditures at the close of the fiscal year.

The North Carolina Local Government Commission (LGC) recommends that units of government maintain a minimum fund balance in their operating funds of 8% of estimated expenditures. This level has been determined to be the equivalent of one month's expenditures and is generally regarded as a minimum level to avoid cash flow interruptions, generate interest income, reduce the need for short-term borrowings, and assist in maintaining investment grade bond ratings.

The High Point City Council-adopted Fiscal Policies maintain minimum fund balances at 10% of estimated expenditures as a signal of financial strength and fiscal stability. The City of High Point applies the policy to all operating funds *except* the Economic Development, General Debt, and General Capital Project funds as they are covered by more specific strategic plans. A summary of fund balances and estimated changes therein are shown below:

PROPERTY VALUATION OVERVIEW

Comments

The City has experienced only slight growth in property valuation in the years since the revaluation in 2004. North Carolina State law requires property revaluation at least every eight years. All property in Guilford County was revalued as of January 1, 2012, which decreased the 2012-2013 tax base by \$353 million or 3.8%. The City's valuation for 2015-2016 has been estimated to be \$9,137,873,047 or a .3% increase from the estimated 2014-2015 valuation.

WHERE THE MUNICIPAL DOLLAR GOES

DEBT SERVICE POLICIES & OVERVIEW

In North Carolina the issuance of bonds is accomplished with the guidance and approval of the North Carolina Local Government Commission (LGC) from the point of development of a bond referendum to the actual sale of the bonds. The LGC must approve the concept and amount of a bond issuance before it goes to the voters for approval. Upon approval of a bond referendum by the citizens and sale of the bonds, the LGC is able to develop a level payment schedule to avoid major swings in the debt service obligations from year-to-year. As old debt is either retired or decreases, new debt is issued. This helps

in minimizing the effect of debt on the property tax rate and as well as utility rates when revenue bonds are issued.

The City Council and City Manager's staff recommended a list of bond projects to the citizens of High Point. The voters in a bond referendum passed the total bond package of \$73,650,000 on November 2, 2004.

Listed below are the City of High Point debt issues that are on the current long-term debt plan. The total long-term debt service for fiscal year 2015-2016 is \$29,680,646 and is shown by fund below.

DEBT ISSUES

General Debt Service

The total General Debt Service for fiscal year 2015-2016 is \$8,845,985. The fiscal year 2015-2016 General Debt Service Fund debt issues are as follows:

	<u>FY 2015 Debt Service</u>	<u>Pay Off Year</u>
• 2004 – Bond Authorization Funding	3,276,174	2030
• 2007 – 2/3 Public Improvement Bonds	422,888	2028
• 2010 – Joblink @ Idol Street Loan	233,065	2020
• 2010 – 2/3 Public Improvement Bonds	1,094,450	2017
• 2012 – 2/3 Public Improvement Bonds	447,219	2032
• 2012 – G.O. Refunding	756,359	2026
• 2013 – G.O. Refunding	1,893,097	2026
• 2014 – 2/3 Public Improvement Bonds	477,669	2034
• 2014 – G.O. Refunding	345,064	2027

Water/Sewer Fund

Water-Sewer debt service for fiscal year 2015-2016 is \$17,542,459. The fiscal year 2015-2016 Water-Sewer Fund debt issues are as follows:

Water/Sewer Bonds and Loans

	<u>FY 2015 Debt Service</u>	<u>Pay Off Year</u>
• 1996 Clean Water Loan	139,762	2017
• 2003 Revolving Loan	883,875	2022
• 2006 Revenue Bonds	2,114,364	2032
• 2008 Revenue Bonds	2,644,669	2034
• 2010A Revenue Bonds	737,688	2016
• 2010C Refunding Bonds	1,987,300	2022
• 2010B Revenue Bonds	621,293	2030
• 2012 G.O. Refunding	734,303	2026

DEBT OVERVIEW, CONTINUED

Water/Sewer Bonds and Loans

	<u>FY 2015 Debt Service</u>	<u>Pay Off Year</u>
• 2012 Revenue Refunding	2,573,756	2032
• Federal Revolving Loan – ARRA	32,609	2030
• 2010B-RZEDB Revenue Bonds	485,522	2036
• 2013 Revenue Refunding	2,956,080	2019
• 2014 Revenue Bonds	1,631,238	2040

Solid Waste Fund

Landfill debt was paid off in fiscal year 2001-2002. The City Council authorized a \$5 monthly fee for solid waste disposal in fiscal year 1997-1998. Sixty percent of the proceeds from this fee were used to retire debt from the 1996 authorization. With the retirement of the Landfill debt, this fee is providing capital reserve funds for the development of new landfill cells.

Stormwater Fund

The total debt service for the Stormwater Fund in fiscal year 2015-2016 is \$1,114,051, which is a decrease of \$129,820 from fiscal year 2014-2015. The 2004 bond referendum included \$15.4 million in Stormwater projects. Stormwater debt service includes the principal and interest payment of the General Obligation portion for Stormwater Bonds. The debt on these bonds has previously been supported by property taxes dedicated to the General Obligation Bonds. A \$1 per month increase in ERU fees in the Storm Water Fund is being proposed to pay for this debt service in the future. Smaller storm water projects will continue to be funded through user fees in the Pay-As-We-Go Capital Program. The fiscal year 2015-2016 Storm Water Fund debt issue follows:

	<u>FY 2015 Debt Service</u>	<u>Pay Off Year</u>
• 2006 – Public Improvement Series	150,323	2016
• 2007B – Public Improvement Series	221,812	2029
• 2008 – Public Improvement Series	142,171	2029
• 2010B – Public Improvement Series	164,121	2030
• 2012 – Refunding	387,638	2026
• 2014 – Refunding	47,986	2027

Long-Term Equipment Leases-Installment Contracts

The City of High Point finances some equipment with installment contracts. The total lease principal and interest for fiscal year 2015-2016 is \$2,078,152. Included in this amount is an estimated amount for fire truck acquisition (\$105,000) and radio system upgrades (\$219,280)

	<u>FY 2015 Debt Service</u>	<u>Pay Off Year</u>
• Fire Equipment	\$699,711	2026
• Information Technology	320,196	2018
• Radio Equipment	219,280	2026
• Facilities	506,473	2020
• Fleet	332,492	2020

DEBT OVERVIEW, CONTINUED

ASSESSED VALUES and DEBT LIMITATIONS – END OF FISCAL YEAR (dollars in thousands)

Assessed Value		\$ 9,052,837
Debt Limit (1) 8% of assessed value		\$ 724,227
Total Bonded debt	\$283,363	
Less:		
Deductions allowed by law		
Amount available for repayment of GO bonds	17,838	
Debt outstanding for water and sewer purposes	35,503	
Utility Revenue Bonds - Water/Sewer	157,385	
	<u>72,637</u>	
Legal Debt Margin Available		\$ 651,590
Total net debt applicable to the limit as a % of debt limit		<u>10.03%</u>

Note: NC Statute GS 159-55 limits the city's outstanding debt to 8% of the appraised value of property subject to taxation. The following deductions are made from gross debt to arrive at net debt applicable to the limit: Money held for payment of principal; debt incurred for water, sewer, gas, or electric power purchase,

Note: Debt is presented as gross and does not include bond premiums/discounts.

*Actual results as reported in Comprehensive Annual Financial Report Fiscal Year Ending June 30, 2014

GENERAL FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

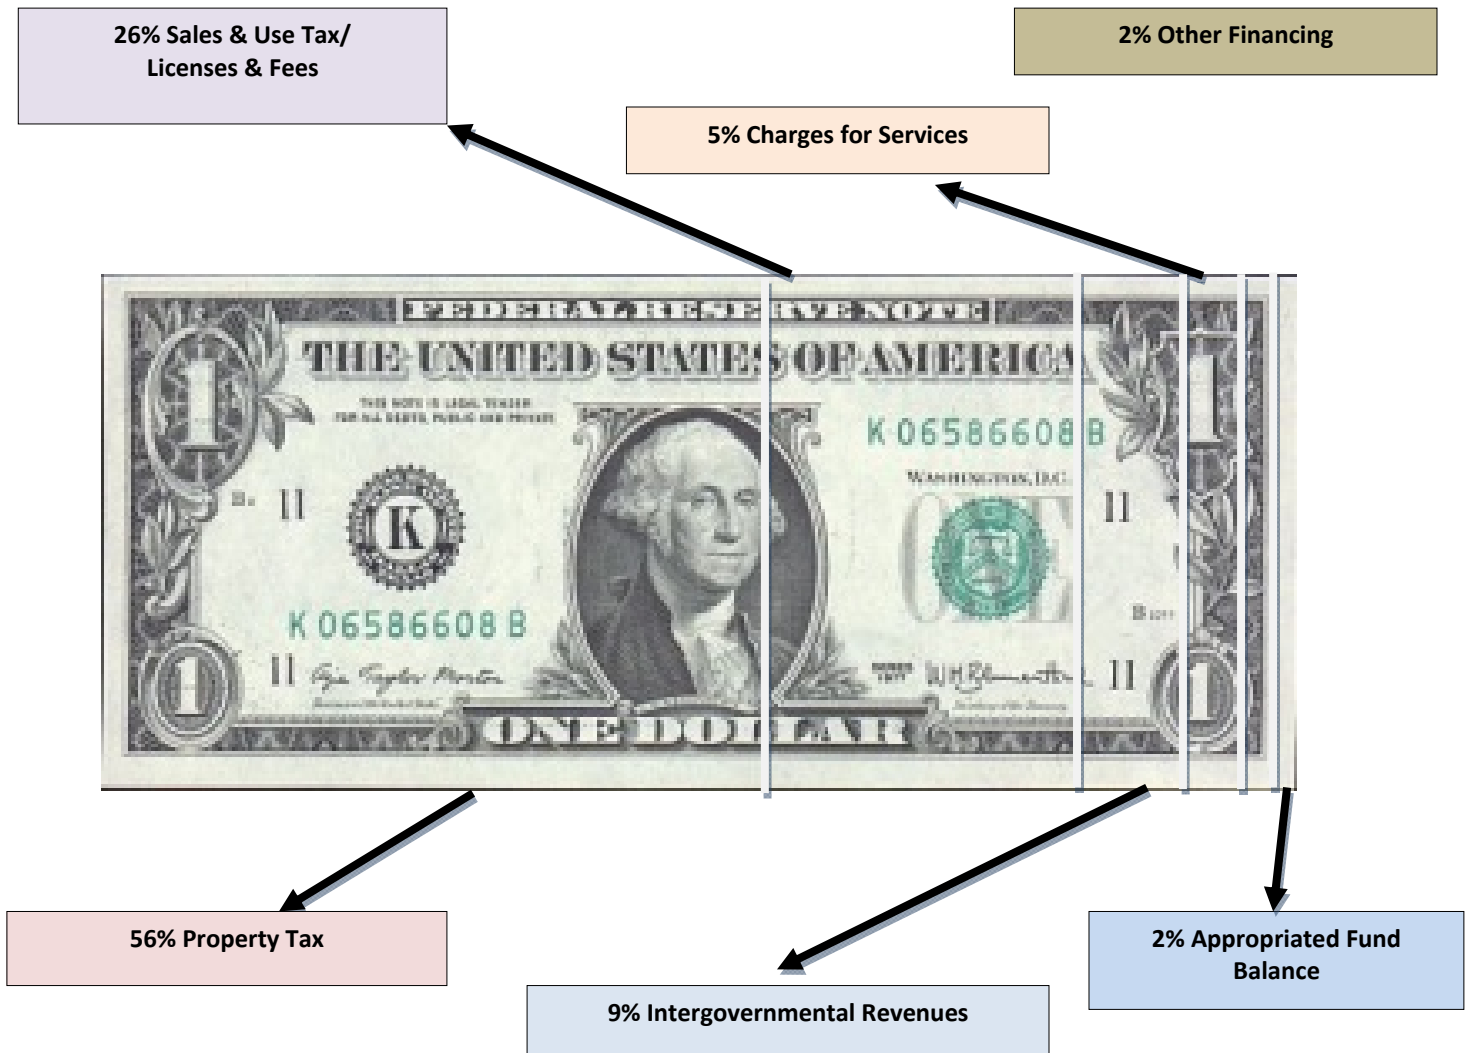

The 2015-2016 Adopted Budget includes an 1.4 cent property tax rate decrease, due to the transition of Environmental Services from the General Fund to the Solid Waste Fund. The proposed property tax rate is \$.65. The Debt Service Fund continues to include \$.034 of the tax rate to fund the 2004 bond authorization bond issues as authorized by High Point voters in the 2004 bond referendum. Sales Tax revenues are projected to increase based on current year receipts, the broadening of the sales tax base due to a change in state law, increased collections due to the increase in rate (from 3% to 7%) charged for electric and natural gas purchases, and increased collections of motor vehicle taxes related to the Tax and Tag Together program. Licenses and Permits reflect a 37.3% decrease due to the State not allowing municipalities to continue charging a privilege license tax. Charges for Services are projected to decrease, primarily due to decreases in actual uses in our Parks and Recreation areas.

EXPENDITURES

Personnel Services include a 1% cost of living increase effective July 1, and an average 2% merit increase effective on employees' anniversary dates. The \$746,933 increase in operating expenses is largely due to the costs associated with the countywide economic development proposal (\$300,000), and funds set aside for redevelopment (\$500,000). The majority of the increase in Capital Outlay is due to the proposed \$1.7 million in fire apparatus purchases. These will be purchased utilizing lease proceeds, and the increase in debt service reflects the needed first year payback of this lease purchase. The majority of the decrease (\$1,440,000) in interfund transfers is due to a decrease in the subsidy to the Solid Waste Fund associated with the three year transition.

WHERE THE MUNICIPAL DOLLAR ORIGINATES

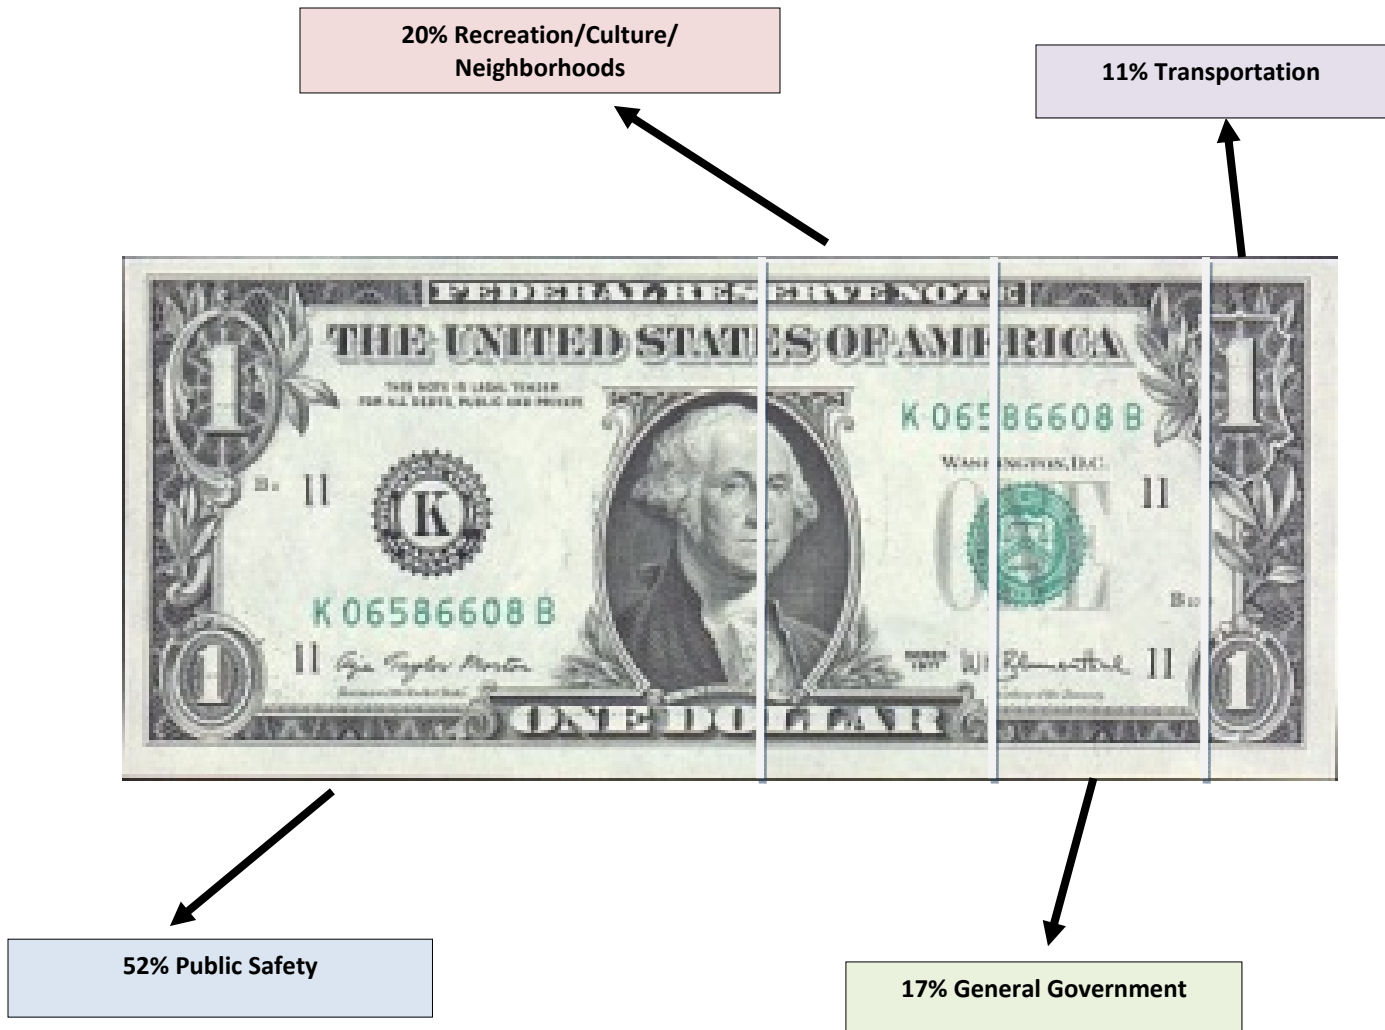

General Fund

Property Tax	General Fund Property Tax
Charges for Services	Charges for Services from General Fund and Miscellaneous Revenues
Intergovernmental Revenues	Revenues from Federal, State and other Local jurisdictions
Sales & Use Tax/Licenses and Fees	Sales Tax, Vehicle Tax, Room Occupancy Tax, Licenses, Permits, Inspections, Library Fines, and other Miscellaneous Fees

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Address issues which may impede basic human/civil rights by providing services and programming which allow citizens to be educated, to exercise, and to resolve human/civil rights issues
- Support the work of the HP Human Relations Commission by providing staff support to the Commission which reviews human/civil rights issues, provides recommendations to City Council, and implements programming as needed

Objectives:

- Provide core services to support human/civil rights:
 - *Advance fair housing and equal employment practices
 - *Provide mediation services to resolve fair housing and landlord/tenant disputes
 - *Develop and/or implement civic engagement programming and diversity training
 - *Support diversity and multiculturalism training for City departments as requested by HR
 - *Partner with community groups, NGOs, and government entities on human/civil rights issues
 - *Supply the framework and support for City-wide Title VI compliance
- Provide staff support for Commission initiatives:
 - *Conduct outreach
 - *Review appealed fair housing decisions
 - *Listen to citizen's concerns
 - *Promote goodwill among all people in greater High Point

HUMAN RELATIONS

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- To help supervisors and employees be more effective in performing their jobs
- To develop and implement policies and procedures to ensure compliance with federal, state and local laws as well as the City's Personnel Resolution
- To recruit and select qualified applicants in order to maintain adequate staffing levels for City departments
- To promote a healthier workforce
- To promote a safe work environment and to ensure compliance with the OSHA
- To provide a safe work environment for City employees and to protect the public by striving to achieve an alcohol and drug-free workplace

HUMAN RESOURCES

Objectives:

- To offer professional training and career development
- To investigate employee grievances or complaints
- Advertise, recruit and fill vacant positions
- To provide and promote involvement in an employee wellness program
- To identify and abate workplace hazards
- To administer drug and alcohol testing program in compliance with the Drug-Free Workplace Act, the Federal Transit Authority of the US DOT rules and City of High Point Substance Abuse Policy

	Actual FY 2014	Actual through Dec-2014	Projected FY 2015

Percentage of employees participating in one or more wellness programs	57%	46%	60%

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of thirteen cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Human Resources are indicated. For comparison, group averages and two cities geographically similar have been shown.

HUMAN RESOURCES

Key Performance Measures

Efficiency Measures relate cost of resources consumed to the output generated.

Effectiveness Measures relate the quality of performance or the degree of achievement.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Transferred 1 Safety Officer position to the Water-Sewer Fund.

FINANCIAL SERVICES

DEPARTMENT SUMMARY

	Accounting Unit #	2013-2014 Actual	2014-2015 Budget	2014-2015 Estimated	2015-2016 Proposed	2015-2016 Adopted
Administration	101221	773,910	834,458	844,369	822,956	
Full-time Positions		3	3	3	2	

Mission Statement: The mission of the Financial Services Administration division is to provide a centralized resource for the City's financial affairs, including establishing and maintaining the City's fiscal policies and procedures; coordinating and managing the City's capital projects and debt management programs; providing an internal audit function to safeguard assets and assist with operational efficiencies and compliance with City policies, federal and state laws, and administrative regulations; and coordinating the efficiency and effectiveness of other divisions within the Financial Services Department.

Accounting	101222	509,815	527,322	543,516	545,923	
Full-time Positions		7	7	7	7	

To provide accurate and timely accounting for all financial transactions while following the standards established by applicable regulatory boards as well as the Local Government Budget and Fiscal Control Act. The Accounting Division's scope of services includes general accounting, accounts receivable, capital asset accounting, and payroll and grants management.

Treasury Services	101223	248,880	267,104	269,356	277,558	
Full-time Positions		3	3	3	3	

To provide outstanding customer service to the City's departments and external vendors, and to ensure timely and accurate payment of the City's financial obligations through our Accounts Payable team. Our Treasury mission is to maximize investment opportunities, to increase investment income and help reduce the need for tax and rate increases to our customers. The Treasury Services Division also includes the budgeting, reporting cost and premium payments for the City's liability insurance.

Purchasing	101224	214,376	239,056	230,031	239,011	
Full-time Positions		3	3	3	3	

To provide the City's departments and divisions with professional services and support necessary for the procurement of quality goods and services needed for their successful operation. To encourage an atmosphere of fairness, honesty and integrity in dealing with CHP staff, suppliers and citizens.

BUDGET SUMMARY

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of ten cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Emergency Communication Services are indicated. For comparison, group averages and two cities with similar populations have been shown.

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

INFO. TECHNOLOGY SERVICES

Efficiency Measures relate cost of resources consumed to the output generated.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Five overhire positions are now being shown in the personnel count, thus increasing the total.
- Fund are included to upgrade the speed at the downtown Wi-Fi sites to 1 gig to combat network slowdowns during Furniture Market.
- IT related capital outlay includes an HVAC unit replacement for the computer room, a Fluke TruView analytic appliance, WIFI hardware upgrades and storage and server replacements.

SYSTEMS PROJECT ADMINISTRATION

DEPARTMENT SUMMARY

	Accounting Unit #	2013-2014 Actual	2014-2015 Budget	2014-2015 Estimated	2015-2016 Proposed	2015-2016 Adopted

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of twelve cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Police Services are indicated. For comparison, group averages and two cities with similar populations have been shown.

POLICE

Key Performance Measures

Efficiency Measures relate cost of resources consumed to the output generated.

Effectiveness Measures relate the quality of performance or the degree of achievement.

POLICE

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Ten overhire positions that have been used to transition new hires into full duty are now being shown in the personnel counts thus increasing the totals from last year.
- Several revenue sources including school resource officer, alarm permit and paper service revenues are more correctly being shown in the police department budget.
- Includes funding for fingerprint analysis equipment (\$40,000) and a new K-9 unit (\$10,000).

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of thirteen cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Fire Services are indicated. For comparison, group averages and two cities with similar populations have been shown.

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

FIRE

Efficiency Measures relate cost of resources consumed to the output generated.

Effectiveness Measures relate the quality of performance or the degree of achievement.

FIRE

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Nine overhire positions which have been used to transition new hires are now included in the position count.
- Three new fire apparatus at \$1,700,000 are included in the Fire Suppression budget. These apparatus will be funded using lease purchase funds. A long-range fire apparatus replacement plan has been developed that allows for a steady cash funding source utilizing a combination of lease purchase until a full cash funding model can be achieved.
- Funding has been added to begin a multi-year program of adding back up generators to stations (\$18,300) and \$25,000 for improvements to the fire training building.

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Provide a wide range of recreational opportunities at a high level of quality
- Collect 75% of operating costs at City Lake Park
- NC Wildlife Resources Commission rod loaner program
- To operate High Point Youth Council
- Maintain or increase attendance for Special Population Programs

Objectives:

- Revenue collected; percentage self-sustaining
- Have ten rod and reels available for use
- To increase golf play at Oak Hollow Golf Course
- Provide a wide variety of educational, social, recreational and service projects to area high school students through the High Point Youth Council
- Respond to calls for service quickly
- To maintain or increase program attendance in all programs including Special Populations, Special Olympics and Miracle League
- To collect revenue and recover expenses for Senior Center
- To recruit volunteers to offset costs of providing athletic programs

	Actual FY 2014	Actual through Dec-2014	Projected FY 2015
Workload:			
Number of participants in rod/reel loaner program	398	78	254
Number of participants in junior golf tournament	71	101	100
Number of new Youth Council members	21	7	39
Number of attendees for Special Populations programs	3,330	1,874	4,500
Efficiency:			
Collect 46% of operating expenses--City Lake Park	47.36%	46.71%	46%
Dollars collected for Senior Center	\$59,180	\$21,100	\$52,680
Response time in minutes (rangers)	7:56:50	8:17:00	8:00:00
Number of athletic volunteer hours	6,870	5,680	10,300

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. Parks and Recreation was added as a category of service for fiscal year 2012-2013. A total of ten cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Parks and Recreation are indicated. For comparison, group averages and two cities with similar populations have been shown.

PARKS AND RECREATION

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

Effectiveness Measures relate the quality of performance or the degree of achievement.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- One vacant Grillroom attendant position is eliminated.
- Wi-Fi connectivity is being added to Oakview, Allen Jay and Deep River recreation centers.
- Funding for golf course cart path enhancements (\$80,000) and replacement of mowers and other equipment (\$161,000).

LIBRARY

DEPARTMENT SUMMARY

	Accounting	2013-2014	2014-2015	2014-2015	2015-2016	2015-2016
	Unit #	Actual	Budget	Estimated	Proposed	Adopted

Administration **101451** 836,401 593,581 500,788 455,878

Full-time Positions 8 5 5 5

Mission Statement: The library mission is to nurture the joy of reading, share the power of knowledge, strengthen the sense of community and enhance community vitality. Library Administration supports this mission by focusing on the library strategic priorities of creating a customer-centered workforce, building cross functional teamwork capacity, maximizing operational effectiveness, using our facility and technology innovatively, and providing convenient and available access.

Technical Services **101452** 291,198 315,044 288,653 301,592

Full-time Positions 4 4 4 4

The Technical Services Division of the library serves library customers and staff by acquiring, cataloging, and processing all library materials and by maintaining the library's electronic database of library materials.

Library Building Maint. **101453** 643,992 334,947 332,734 338,120

Full-time Positions 4 4 4 4

Children's Services **101454** 516,620 509,034 512,604 512,369

Full-time Positions 5 5 5 5

Part-time Positions 5 4 4 4

The Children's Services Division of the library serves children from birth through age 12, and their caregivers with programming developed to encourage, support, and foster the child's inalienable right to read, learn, and become the person of their choice.

Research Services **101455** 741,181 891,289 813,955 879,668

Full-time Positions 8 8 8 7

Part-time Positions 5 6 6 6

The Research Services Division of the Library assists library users of all ages to locate requested materials, and to locate specific, general, business-related, and genealogical information using the resources of the City's library, other libraries, and on-line information sources and databases.

Information Services **101456** - 292,573 335,423 398,145

Full-time Positions - 3 3 3

Information Services manages all information technology for the library and museum including support and security of the integrated library system, the public and staff network along with respective software and hardware. Technology planning and development are also a key component of Information Services' responsibilities.

Reader's Services **101457** 637,783 661,135 650,122 672,056

Full-time Positions 6 6 6 6

Part-time Positions 3 4 4 4

The Readers' Services Division of the library develops and markets adult and young adult fiction book collections and non-print materials collections. Readers' Services also provides readers advisory assistance to customers who need to locate these materials and information pertaining to them.

LIBRARY

	Accounting Unit #	2013-2014 Actual	2014-2015 Budget	2014-2015 Estimated	2015-2016 Proposed	2015-2016 Adopted

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- To provide computer access and training for library staff and public
- To maintain a current and relevant collection of library materials
- To provide quality programs to promote reading readiness and enjoyment
- Provide information and materials in current formats, provide access to technology, offer programming in partnership with City of High Point departments and other community organizations and agencies for business, education and entertainment
- To interpret and make Museum collections accessible to the public

LIBRARY

Objectives:

- To provide one IT staff per 50 computers and peripherals
- To provide one computer for every 2500 residents
- To increase spending on materials to 12% of budget
- To update 15% of the collection annually
- To present cognitive development programs for infants; programs in childcare homes and centers; reading enjoyment programs for elementary ages; and reading readiness programs for preschoolers
- To increase the number of customers helped by 2% over the previous fiscal year
- Increase visits to museum-historical park 25% annually

	Actual FY 2014	Actual through Dec-2014	Projected FY 2015
Workload:			
Number of public computers and peripherals maintained	85	103	80
Number of library holdings added to collection	32,712	16,420	22,500
Number of all Children's Services programs provided	1,897	1,196	1,500
Effectiveness:			
Number of cataloged materials provided per capita	2.8	2.82	2.5
Number of public computers provided per 2500 residents	1.95	2.34	1.96
Materials expenditures as % of total budget	6.4%	3.3%	9.5%

PLANNING AND DEVELOPMENT

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Policy Advisory Goal - To provide policies that serve as a guide and framework for the development of the community, and that together create a shared comprehensive plan for the community, which is used as the basis for making decisions that shape the community
- Development Review Goal - To provide timely, dependable and accurate reviews of all development proposals, and to ensure the proposals comply with adopted policies and rules
- Regulatory Goal - To administer rules that improve the quality of development and property, that effectively protect the public health and safety, that are consistent with adopted policies and practices, and that are applied in a fair, practical and consistent manner

Objectives:

- Develop and update planning and development policies to reflect changes in development patterns and the preferences of the community, as identified by the City Council, city boards and commissions, and the public
- Manage the development review process
- Administer the city's adopted planning and development policies and regulations, to promote high quality development, and to ensure clean, healthy, safe, livable neighborhoods

	Actual FY 2014	Actual through Dec-2014	Projected FY 2015
Workload:			
Number of comprehensive planning projects in progress	2	1	2
Number of site plans and subdivisions reviewed	623	356	600
Number of zoning cases reviewed	24	14	30
Number of housing code violations corrected	266	59	160
Effectiveness:			
Percent of site plan and subdivision reviews completed on schedule	79%	68	95%
Percent of zoning cases with action consistent with staff recommendation	95%	100	95%
Efficiency:			
Number of comprehensive planning projects managed per FTE planner	1.33	1.00	2.00
Number of site plans and subdivisions reviewed per day/FTE reviewer	2.49	2.85	1.92
Number of zoning cases reviewed per month per FTE planner	2.00	2.33	2.50
Number of permits issued per day per FTE permit specialist	10.98	10.99	5.00
Number of local code violations cited per day per FTE inspector	3.15	2.82	3.60

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of nine cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Building Inspections are indicated. For comparison, group averages and two cities with similar populations have been shown.

PLANNING AND DEVELOPMENT

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

Efficiency Measures relate cost of resources consumed to the output generated.

PLANNING AND DEVELOPMENT

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Four code enforcement officer positions and associated equipment have been added.

TRANSPORTATION

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Identify and replace 100% of expired signs and posts annually
- Identify and replace 100% of worn pavement markings annually
- Provide visibility to 100% of signs annually
- Provide traffic signal maintenance to COHP signal system
- Replace signal mast arms in all downtown intersections that are part of the streetscape project
- Maintain computer signal system network & database management for department

Objectives:

- Provide traffic signal maintenance with as little inconvenience as possible
- Complete preventive maintenance on 213 intersections
- Evaluate signal time at each signalized intersection every 18 months
- Keep signal system online 100% of the time

	Actual	Actual through	Projected
	<u>FY 2014</u>	<u>Dec-2014</u>	<u>FY 2015</u>
Workload:			
Signs and posts replaced	1,191	910	1,000
Trim vegetation for sign visibility	1,098	966	1,000
Pavement markings - Number of square feet	82,852	6,688	50,000
Number of high accident locations studied	4	6	15
Number of new intersections installed or inspect by Signal Shop	1	1	7
Signal system analysis and traffic signal timing (man hours)	2,000	1,020	2,000
Effectiveness:			
Percent of obstructed signs made visible	99%	98%	99%
Percent of preventive maintenance on signalized intersections	100%	100%	100%
Efficiency:			
Percent of responses to signs/markings requests for signs within 2 weeks	98%	90%	98%
Number of intersections receiving new mast arms and foundations	5	4	5
Calculate time/translate computer output into signal control	450	230	450

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Depot Maintenance budget increased because utility costs were adjusted to reflect actual amounts billed.
- The GIS Planner and Transportation Planner are full-time positions that have funding coming partially from the City and partially from the MPO. The position count was adjusted to reflect this situation.

PUBLIC SERVICES

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Provide weekly solid waste collections and bi-weekly recycling
- Perform preventive and routine streets and sidewalk maintenance

Objectives:

- Maintain a normal schedule pick-up rate of 95%
- Maintain a customer satisfaction rate of 99%
- Maintain 100% of streets with 85% or better PCR
- Maintain 155.6 miles of City sidewalk

	Actual FY 2014	Actual through Dec-2014	Projected FY 2015
Workload:			
Tons of household waste (refuse) collected	16,291	12,926	29,000
Tons of recyclables collected	8,373	3,847	7,500
Tons of yard waste collected	4,939	2,479	5,000
Tons of asphalt used for resurfacing repair (City)	3,632	1,884	3,500
Sidewalk replaced in square yards	170	92	200
Effectiveness:

Efficiency:			
Yard waste cost per collection point	\$44	\$48	\$45
Recycling cost per collection point	\$27	\$30	\$28
Cost per lane mile for resurfacing (City)	\$74,075	\$64,352	\$70,000
Sidewalk replacement cost per square yard	\$91	\$76	\$60

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of thirteen cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Residential Refuse, Asphalt Maintenance, Household Recycling, and Yard/Leaf Collection are indicated. For comparison, group averages and two cities with similar populations have been shown.

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

PUBLIC SERVICES

Efficiency Measures relate cost of resources consumed to the output generated.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Two Motor Equipment Operators in Street Maintenance were eliminated.
- An enhanced mowing and litter collection operation is proposed, adding 3 full-time and 5 seasonal employees (funded for 6 months). Includes funding for necessary equipment. The total first year cost is \$304,466.
- Pay-as-we-go neighborhood street resurfacing is continued in the budget at \$1,400,000.

SPECIAL APPROPRIATIONS

DEPARTMENT SUMMARY

	Accounting	2013-2014	2014-2015	2014-2015	2015-2016	2015-2016
	Unit #	Actual	Budget	Estimated	Proposed	Adopted

Authorized Positions		0	0	0	0	

Special Appropriations budgets have been designated to present recommended appropriations for City contributions to outside agencies, prior year workers' compensation and unemployment claims, and accounts for unanticipated legal claims or other general fund expenditures not provided for in routine operating budgets.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

Special Appropriations includes funds for the following:

- \$300,000 in anticipation of participation in countywide economic development effort.
- \$671,734 for citywide workers compensation and unemployment insurance.
- \$607,600 for citywide general property and auto liability insurance.
- \$280,063 for outside agency funding.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

•With recent changes from GFOA on the presentation of budget transfers and reimbursements, we now show certain transfers as offsetting expenses which is a negative number. For the upcoming fiscal year, this presentation has resulted in the accounting unit yielding a negative number.

GENERAL CONTINGENCY

DEPARTMENT SUMMARY

	Accounting	2013-2014	2014-2015	2014-2015	2015-2016	2015-2016
	Unit #	Actual	Budget	Estimated	Proposed	Adopted
Contingency	101991	0	400,000	0	400,000	

An appropriation by fund used at the City Council's discretion to provide budget for unanticipated expenditures. Amounts can only be transferred during the fiscal year from contingency for specific purpose with City Council approval.

GENERAL DEBT SERVICE FUND

The General Debt Service Fund is used to account for the accumulation of resources for, and the payment of general long-term debt principal and interest. Debt service for proprietary funds are found in the individual fund summaries.

GENERAL DEBT SERVICE FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

Of the total property tax rate of \$.65, the Debt Service Fund tax rate includes \$.034 to fund the 2004 bond authorization approved by High Point voters in the 2004 bond referendum. Transfers-Other Funds has decreased due to the implementation of a \$1/month fee increase in the Storm Water Fund, which will fully fund the stormwater debt service, instead of relying on General Fund revenue.

EXPENDITURES

Principal and interest payments are declining due to bond refundings and the final payment of some General Obligation bond issues and long-term loans. The Interfund Transfer decrease is due to the Stormwater Fund now paying all of its debt service by raising the stormwater fee by \$1/month.

GENERAL CAPITAL PROJECTS FUND

The General Capital Projects Fund is used to account for pay-as-we-go General Fund capital projects. Financial resources for these projects are to be used for the acquisition or construction of major capital facilities, other than those financed by the enterprise funds. Long-term general capital projects which are generally financed by general obligation bonds can be found in the Capital Improvement Program section of this document.

REVENUES

Transfer In funding is provided from the General Fund. Transfer in revenue is funded from the General Fund (\$100,000) and the Electric Fund (\$80,000) for repayment of a loan from the Landfill Development and Closure Fund to purchase the Piedmont Natural Gas building.

EXPENDITURES

The expenditure for \$180,000 is for repayment of a loan from the Landfill Development and Closure Fund to purchase the Piedmont Natural Gas building. Other expenditures are listed below.

Funded General Capital Projects include:

Johnson Street-Sandy Ridge Road widening (grant match)	\$128,250
Traffic Signal System expansion/upgrade (grant match)	100,000
I-74/US 311 & NC68 interchange improvements (grant match)	150,000

WATER AND SEWER FUND

The Water and Sewer Fund operations come under the direction of the Public Services Department. This fund is used to account for the provision of water and sewer services to the residents of the City and some County residents. All expenses necessary to provide such services are accounted for in this fund as well as debt service on water-sewer bond issues.

WATER-SEWER FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

The Fund Balance appropriation decreased over \$1 million from the 2014-2015 budget. The water and sewer rate increase of 3.5% effective October 1 is in this budget which will increase operating revenue. Intergovernmental revenues include Treasury Subsidy reimbursements from the federal government for non-tax exempt revenue bonds on Revenue Bonds issued in 2010.

EXPENSES

Personnel Services include a 1% cost of living increase effective July 1, and an average 2% merit increase effective on employees' anniversary date. Water-Sewer operating expenses decreased by \$393,831 or 3.3%. Water and Sewer pay as you go capital has increased by 16.9% or \$650,000 largely because of the incinerator rehab.

PERFORMANCE GOALS, OBJECTIVE AND MEASURES

Goals:

- Ensure safe and compliant water reclamation with an optimized budget (Eastside)
- Perform quality control tests (Westside)
- Perform preventive maintenance and react to emergency situations (Mains)
- Monitor significant industrial wastewater users
- Ensure cost efficient, safe, compliant and reliable equipment maintenance
- Respond to water complaints
- Ensure safe, compliant and reliable solids disposal

WATER AND SEWER FUND

Objectives:

- Treat 6,420,000 units of wastewater (Eastside)
- Perform 196 quality control tests (Westside)
- Respond to 100% of sewer emergencies within two hours
- Perform 32 random significant industrial user inspections
- Maintain per unit cost for water (.18)
- Respond to 100% of water complaints within 24 hours
- Remove 2,500 tons of ash

Workload:

	Actual FY 2014	Actual through Dec. 2014	Projected FY2015
Units of wastewater treated (Eastside)	6,808,559	3,023,733	6,500,000
Number of quality control tests (Westside)	196	196	196
Number of significant industrial user monitoring and inspections	34	34	33
Number of quality control tests (Ward)	77,900	38,950	77,760

Efficiency:

Percent of sewer emergency calls responded to within two hours	100%	100%	100%
Water complaints responded to within 24 hours	105	55	150

Effectiveness:

Cost per unit for water	\$0.19	\$0.16	\$0.18
-------------------------	--------	--------	--------

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. Water Services was added to the study beginning in 2006-2007. Sewer Services was added in fiscal year 2013-2014. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of twelve cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Water Service are indicated. For comparison, group averages and two cities with similar populations have been shown.

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

WATER AND SEWER FUND

Efficiency Measures relate cost of resources consumed to the output generated.

Effectiveness Measures relate the quality of performance or the degree of achievement.

WATER AND SEWER FUND

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Safety officer is moved from Human Resources Department to Water-Sewer Administration.
- Initiatives are being undertaken to handle invasive weeds in reservoirs.
- 35 sample stations are being upgraded.
- Existing chemical feed pumps are expiring and new more efficient ones will be purchased.
- Water and sewer improvement funding of \$4,500,000, including \$2,000,000 for obsolete water and sewer lines, is included using pay-as-we-go monies.

ELECTRIC FUND

The Electric Fund is used to account for the Electric Operations Department as well as the Customer Service Department. Collectively, these departments provide electric services and simple information access to the residents and businesses of the City of High Point. All expenses necessary to provide such services are accounted for in this fund.

ELECTRIC FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

The 2015-2016 budget includes a Fund Balance appropriation of \$2,447,812. The Electric Fund budget does not include a rate increase. Electricities is refinancing the debt in order to decrease the rate. In order to stabilize rates long term, the City will maintain a flat wholesale power rate which will build up a reserve to offset later increases.

EXPENSES

Personnel Services have remained relatively flat even with a proposed 1% cost of living increase effective July 1 and an average 2% merit increase effective on each employees' anniversary date. Operating Expenses increased by 4.0% or \$245,223, and wholesale power cost has increased because of growth. Pay as you go capital has increased by \$164,000.

CUSTOMER SERVICE

The Customer Service Department will serve as the catalyst to provide simple and easy access to our customers as they request information and/or services and utilities from the City of High Point. We will work to blend the needs of our customers and the operation of City departments to broker a positive response for the purpose of creating healthy families, safe and livable neighborhoods and prosperous business.

CUSTOMER SERVICE

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals/Objectives:

- Read all meters each month with an accuracy of over 99.98%
- Provide one-stop shopping for City customers
- Accuracy in posting utility payments; cashier overages/shortages below \$500
- Maintain or increase a collection rate of 99.8%
- Increase Energy Conservation Awareness through education programs
- Provide IVR and Internet self service
- Maintain residential meters by changing out 1200 water meters ten years of age or older
- Investigate suspicious activity and meter tampering

	Actual	Actual	Projected
	<u>FY 2014</u>	<u>through</u>	<u>FY 2015</u>
		<u>Dec. 2014</u>	
Workload:			
Number of meters read	1,053,138	528,971	1,053,240
Number of walk-in customers assisted	40,026	17,412	37,000
Number of calls answered by Customer Service	287,759	149,368	300,000
Number of energy audits performed online	20	24	50
Number of customers paying utility bills via internet	81,085	42,714	86,000
Number of internet requests to start utility service	370	218	450
Number of internet requests to purchase garbage toters	65	32	65
Number of ten-year old residential water meters changed out	1,919	1,413	2,830
Effectiveness:			
Number of meter reading adjustments	112	55	95
Cashier amounts over/short	\$1,175.77	\$461	-\$300
Number of new water meters installed within two days	137	218	430

Percent of Utility dollars collected	99.5%	99.5%	99.5%

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Load Management and Marketing budget is moved into Customer Service Administration.

ELECTRIC OPERATIONS

The Electric Department strives to maintain and improve efficiency of the department including but not limited to quality street lighting, outdoor lighting, substation and line maintenance as well as to provide new facilities for electric system growth. Our mission is to promote a prosperous community for the benefit of the City of High Point residents.

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Maintain a reliable, efficient power distribution system
- Reduce power outages through right-of-way maintenance
- Test all meters over a six-year period
- Provide a safe and reliable work environment

Objectives:

- Maintain the electric system with a power factor above 96%
- Install new and repair existing street and area lights
- Test 6,000 existing meters per year
- Install 6,000 Automated Meter Reading meters
- Maintain system losses below 7%
- Clear right of way
- Regularly inspect station facilities

ELECTRIC OPERATIONS

	Actual FY 2014	Actual through Dec. 2014	Projected FY 2015
Workload:			
Number of feet of right-of-way cleared	187,220	68,902	95,000
Number of street lights repaired	1,999	1,350	1,700
Number of new street lights installed	30	72	35
Number area lights repaired	1,008	459	950
Number of meters tested	5,538	4,524	5,000
Effectiveness:			
Percent of monthly inspections completed	100%	100%	100%
Percent Average System Power factor	97.54%	97.10%	98.50%
Percent of system losses	3.03%	3.60%	4.50%
Number of tree-related outages*	42*	15	30

*The outages from the ice storm in March of 2014 were considered "storm-related" not "tree-related".

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Wholesale power costs are expected to decrease 6%, and stay at this decreased level for several years before increasing. The proposed budget does not recommend a corresponding rate decrease. The excess that is collected will be held in a rate stabilization fund to mitigate future rate increases.
- Tree trimming and transmission pole inspection both increased.
- Capital increased with partial funding of a new substation to handle increased load from HPU, conversion of the Linden Substation to 100KV, as well as the addition of equipment to allow more effective work in backyards.

PARKING FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

There is a Fund Balance appropriation of \$48,216 in the Parking Fund for the 2015-2016 budget. The decrease in operating revenue is due to the contract to run the hotel parking deck. There is no change to the interfund transfer from the General Fund for 2015-2016.

EXPENSES

Personnel Services include salaries, wages, and benefits. Operating Expenses show a 20.3% or \$45,412 decrease due one-time engineering and design work for future parking deck improvements that was budgeted in the prior year.

PARKING FACILITIES

DEPARTMENT SUMMARY

Mission Statement: The Parking Facilities Division is responsible for providing and maintaining safe, off-street parking facilities to the citizens and visitors to the City of High Point. The fund operates under the direction of the Director of Transportation.

PARKING FACILITIES

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- To maintain the appearance and operation of each facility to provide a pleasant and safe environment for citizens, visitors and parking staff

Objectives:

- To maintain the appearance, operation and record processing of each facility
- To ensure rental of spaces, greet customers, collect parking fees, keep accurate records of facility usage, and administer and verify parking cards to necessary patrons
- To ensure cleanliness, maintenance of lighting fixtures and initial maintenance of parking gate equipment of each facility

Workload:	Actual FY 2014	Actual Dec. 2014	Projected FY 2015
<u>Average number of hourly customers (monthly)</u>			
- High and West Commerce parking decks	652	669	625
- High Point Plaza parking deck	713	722	600
- Broad St. parking deck	490	502	350
<u>Number of monthly rental customers</u>			
- High and West Commerce parking decks	510	500	500
- High Point Plaza parking deck	25	34	25
- Broad St. parking deck	40	40	40

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- The revenue budget reflects a decrease in revenue due to the contract for the Radisson hotel to take over management of the hotel parking deck.

SOLID WASTE FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

The Fund Balance appropriation decreased from the 2014-2015 budget by \$428,767 because of fewer capital projects. Operating Revenues are projected to increase \$1,475,360 with the continuation of the Environmental Services division transferring from the General Fund to the Solid Waste Fund. This change is part of a three-year transition plan to make Environmental Services an Enterprise Fund. As part of the transition there is also a General Subsidy planned for \$1,165,000.

EXPENSES

All expenses are budgeted to increase due to the transfer of Environmental Services from the General Fund to the Solid Waste Fund. Personnel Services are increasing due to the 1% cost of living increase effective July 1, and the average 2% merit increase effective on employees' anniversary dates. Solid waste operating decreased 5.5% and capital decreased 21.9%.

Mission Statement: The Ingleside Compost facility is the collection point for the drop off of residential and commercial yard waste. Landfill Operations will provide a safe and equitable means of solid waste disposal for its customers while complying with all state and federal rules or regulations. The Material Recovery Facility will provide the citizens of High Point with a material recovery facility which properly processes, separates, package and ships an estimated 8,000 tons annually of co-mingled recyclables and provides cardboard recovery for bi-annual Furniture Markets. The Environmental Services division provides the customers of High Point with quality weekly collection of household waste, yard waste and bulky items to ensure a safe and livable community.

SOLID WASTE

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Provide disposal for municipal solid waste (MSW)
- Pursue collection of tip fees to ensure earned revenue
- Process recyclables to conserve landfill space
- Promote awareness of City recycling program in community

Objectives:

- Maintain a 95% collection rate for MSW
- Process and maintain 90,000 tons of municipal solid waste
- Process and sell 13,000 tons of yard waste
- Process 8,000 tons of recyclable materials
- Maintain an 70% efficiency rate
- Provide 500 recycling program presentations

	Actual	Actual	Projected
	FY 2014	through	FY 2015
		Dec. 2014	
Workload:			
Tons of household waste (refuse) collected	16,291	12,926	32,000
Tons of recyclables collected	8,373	3,802	9,000
Tons of yard waste collected	4,939	2,304	7,000
Number of tons of municipal solid waste received	128,830	55,690	105,000
Number of tons of yard waste received	268,648	7,578	13,000
Number of tons of recycling material received/processed	8,827	4,224	8,000

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of twelve cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Residential Refuse, Asphalt Maintenance, Household Recycling, and Yard/Leaf Collection are indicated. For comparison, group averages and two cities with similar populations have been shown.

SOLID WASTE

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

Efficiency Measures relate cost of resources consumed to the output generated.

SOLID WASTE

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- A vacant sanitation worker position and a MRF equipment operator position were eliminated.
- Applied and received a grant through NCDENR for the purchase of recycling receptacles. These were placed downtown at the Mendenhall Transportation Terminal to encourage "Recycling on the Go".
- Fleet charges were increased related to expenses on non-fleet replacement vehicles.
- In recycling temporary services were reduced by \$75,000.
- Environmental services recognized a large reduction with the move of the bulk container contract in-house.
- The education enforcement coordinator moved from Recycling to Environmental Services.
- Design and right-of-way acquisition for the Kersey Valley Road relocation (\$500,000) and an equipment shed (\$320,000) are funded with revenues from solid waste fees.

Note: Solid Waste capital projects financed by reserve funds can be found in the Capital Improvement Program - Solid Waste Capital Projects section.

STORM WATER FUND

The Storm Water Fund operations come under the direction of the Public Services Department. This fund is used to account for the operation and maintenance of the City's Storm Water program which manages Storm Water runoff through stream cleaning, bank stabilization, and maintenance of detention lakes and ponds.

STORM WATER FUND REVENUE & EXPENDITURE NOTATIONS

REVENUES

Storm Water fees are projected to increase because of a \$1 increase in the Storm Water fee. This increase will fund debt service related to projects funded with the 2004 bond authorization. Therefore, interfund transfers will not be budgeted in the future. The fund balance appropriation is increasing related to budgeted capital expenditures.

EXPENSES

Personnel Budgets are increasing due to the proposed 1% cost of living increase effective July 1, and the average 2% merit increase effective on employees' anniversary date, and the addition of a Street Sweeper position. Capital Outlay increased over the prior fiscal year due to the acquisition of a street sweeper vehicle and a leaf collection vehicle. Debt Service decreased approximately 11%.

STORM WATER FUND

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Improve and maintain Storm Water drainage system
- Make timely improvements on public and private property
- Maintain a safe environment for employees
- Provide a storm water management program that complies with MS4 permit

Objectives:

- Provide 40 hours per employee of training/education annually
- Respond to complaints within 14 days of request
- Account for the percentage of storm water drainage system repaired or replaced
- Sweep 5,000 curb miles of streets
- Comply with six minimum measures of HP MS4 permit requirements

STORM WATER FUND

	Actual	Actual	Projected
	FY 2014	through Dec. 2014	FY 2015
Workload:			
Number of catch basins/pipes cleaned	99	27	400
Number of hours per employee for safety training	30	20	30
Number of feet of drainage ditch/shoulder work	20,168	8,869	25,000
Number of feet of drainage structure constructed/repared	104	36	120
Number of illicit discharge calls/site visits (permit)	21	11	20
Number of storm water outfalls monitored during dry weather	297	121	300
Effectiveness:			
Number of days loss time accidents/incidents	5	0	0
Percent of customers responded to within 14 days	100%	100%	100%
Backlog (in months) of pending work	4	3	2
Efficiency:			
Cost per curb mile swept	\$54.99	\$47.69	\$40.00

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Funds have been budgeted for a street sweeper and a staff person to operate it.
- Pipe Crew: Culvert replacement at Midview Drive; 2311 Westchester Drive; 1613 Bridgeport Terrace; and access road construction and drainage improvements behind City Hall.
- Ditch Crew: Intersection and drainage improvements at Chestnut and Allred, 1308 Trinity Avenue; ditch work along Ennis St and 3,075 LF of shoulder repair through out the City.
- Routine storm water projects are funded using \$350,000 in pay-as-we-go funding.
- A leaf collection machine is added at \$169,000

FLEET SERVICES

BENCHMARK COMPARISONS FOR FISCAL YEAR 2013-2014

Beginning in fiscal year 2000-2001, the City of High Point began participating in the North Carolina Local Government Performance Measurement Project. Fleet Maintenance was added to the study beginning in 2001-2002. In fiscal year 2014-2015 data was collected for the previous fiscal year 2013-2014. A total of thirteen cities participated in the project in an effort to produce comparable and reliable performance indicators. A sampling of some of the measures for Fleet Maintenance are indicated. For comparison, group averages and two cities with similar populations have been shown.

Key Performance Measures

Workload Measures indicate the amount of work performed or amount of services received.

Effectiveness Measures relate the quality of performance or the degree of achievement.

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

•Major items to be replaced include an Electric Department bucket truck, a compact rear loader for Environmental Services, a vactor truck for the Water and Sewer Department, police cruisers, and an assortment of mid-sized sedans and light duty pickup trucks. These vehicles will be replaced using current revenue.

The Special Grants Fund accounts for the receipt and disbursement of all grants, including federal, state and local grants or entitlements but excluding the Community Development Block Grant. The budget appropriation represents that portion of existing grants which were not fully expended in the prior fiscal year and which will be reestablished in the current year and also allowance for grants that will be received during the current year.

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Improve condition of existing low income housing stock
- Remediate lead paint hazards in low and moderate income housing
- Reduce homeless population

Objectives:

- Complete repairs and improvements to low income housing
- Identify, evaluate and remediate residential lead paint hazard
- Reduce homelessness by offering care to disabled homeless

	<u>Actual FY 2014</u>	<u>Actual through Dec. 2014</u>	<u>Projected FY 2015</u>
Workload/Effectiveness:			
Number of HOME/CDBG units repaired	14	NR	7
Dollar amount spent on lead remediation	\$158,167	NR	\$97,203
Dollar amount of assistance provided for homeless	\$56,915	NR	\$30,421

MASS TRANSIT

DEPARTMENT SUMMARY

The Public Transportation division is responsible for providing safe, reliable transportation at a fair cost to all the citizens of High Point through the fixed route Hi tran and door-to-door demand responsive Dial-A-Lift systems.

	Accounting Unit #	2013-2014 Actual	2014-2015 Budget	2014-2015 Estimated	2015-2016 Proposed	2015-2016 Adopted

PERFORMANCE GOALS, OBJECTIVES AND MEASURES

Goals:

- Transport 1,000,000 passenger trips per year (Hi tran)
- Provide service with zero preventable accidents (Hi tran)
- Cover as much cost as possible through passenger fares (Hi tran)
- To meet transportation demands of the elderly and disabled (Dial-A-Lift)
- To efficiently transport trips with available resources (Dial-A-Lift)

MASS TRANSIT

Objectives:

- Increase ridership on fixed route service by 3% each year (Hi tran)
- Achieve an accident rate that is less than 0.2 preventable accidents per 100,000 miles (Hi tran)
- Recover 30% of expenses from passenger fares (Hi tran)
- Have a trip denial rate of less than 2% (Dial-A-Lift)
- Transport at least three trips per revenue hour (Dial-A-Lift)

	Actual FY 2014	Actual through Dec. 2014	Projected FY 2015
Workload:			
Number of passenger trips (Hi tran)	873,288	449,769	854,769
Service miles (Hi tran)	462,852	236,983	436,683
Passenger trips performed (Dial-A-Lift)	31,781	15,869	30,869
Effectiveness:			
Preventable accident rate (Hi tran)	2.2	1.27	0.5
Efficiency:			
Fare recovery ratio (Hi tran)*	24%	25%	20%
Trip denial rate (Dial-A-Lift)	0%	0%	0%
Passengers per revenue hour (Dial-A-Lift)*	3.0	3.0	3.0
*Revenue figures are preliminary until after audit			

BUDGET HIGHLIGHTS & SERVICE LEVEL CHANGES

- Parts specialist position moved from Fleet Services to Mass Transit.

MASS TRANSIT CAPITAL PROJECTS FUND

The Mass Transit Capital Projects Fund is used to account for pay-as-we-go and grant funded Mass Transit Fund capital projects. Financial resources for these projects are to be used for the acquisition or construction of major capital facilities and large vehicle purchases.

REVENUES

The funding for the purchase of 15 Transit buses for \$7,000,000 comes from an 80% Federal grant (\$5,600,000), a 10% State grant (\$700,000), and a 10% City match (\$700,000). City funding in the amount of \$530,148 has been appropriated in previous fiscal years.

EXPENDITURES

The budget will purchase 15 transit buses.

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

Capital Project Definition

The Capital Improvement Program (CIP) is a prioritized, multi-year plan for major capital expenditures, such as the construction, reconstruction, renovation or replacement of a public building, facility or major equipment item; the purchase of land, buildings or facilities for a public purpose; studies and surveys leading to such physical improvements or any combination of the above. By providing a planned schedule of public improvements, the program outlines present and future needs and intentions. A capital improvement project should have a cost greater than \$15,000 and a useful life of at least ten years.

Capital Process Description

The City of High Point's capital improvement program is the result of a detailed financial planning process used by City leaders to establish funding priorities of major capital projects. The purpose is to address the City's immediate and long-term capital needs in a conscious effort to best provide services and facilities to the citizens of High Point.

To accomplish this, the CIP process consists of a three-phase mechanism. In the fall of each year, department heads submit a five-year capital plan to the Budget Office for consideration. This requires substantial planning at the department level to identify projects that are deemed necessary to respond to public needs.

A vital segment of the proposal includes a project financial form which projects cost estimates as well as the revenue sources for the project. Submission of the project's financial information is a fundamental component in coordinating the available resources to fund the project.

The second phase of the CIP process includes review of each proposal by the Budget Office. Factors analyzed include:

- The priority of the project as defined by City leaders or formal Council policy
- Feasible funding sources in relation to the projected timetable
- Impact the project will have on the operating budget and service levels

The projects are evaluated according to the following criteria:

- Risk to Public Safety or Health
- Deteriorated Facility
- Systematic Replacement
- Improvement of Operating Efficiency
- Coordination
- Equitable Provision of Services/Facilities
- Protection and Conservation of Resources
- New or Substantially Expanded Facility
- Prior Commitment by City Council or Manager

The budget staff compiles a priority list as the projects relate to the City's overall mission of "...creating the single most livable, safe and prosperous community in America." This list of proposed projects is presented to the management team.

The final phase consists of compiling the five-year Capital Improvement Program for consideration by the City Council as part of the budget review and adoption process. Recognizing that needs and priorities vary from year-to-year, only the first fiscal year of the five-year program is considered for adoption. The subsequent four years are used for strategic financial planning purposes.

Capital Improvement Funding

Funding for the Capital Improvement Program varies by fund. In the General Capital Projects Fund the majority of the funding comes by transfer from the General Fund.

For Water and Sewer capital projects, funding comes into the Water & Sewer Capital Projects Fund by transfer from the Water and Sewer Fund. In the other utility funds (Electric, Solid Waste, and Stormwater Funds), capital projects are included within the fund instead of being in a separate. These utility fund projects are normally funded from operating revenues generated by each fund.

Projects that authorize the construction or acquisition of major capital and are identified to be in effect for the life of the project extending more than one fiscal year are adopted in Capital Project Ordinance Funds. Bonds, state and federal grants, or some combination of these normally fund these projects. The uniqueness of these funds is that they do not require re-appropriation each fiscal year and are not part of the regular budget but are adopted separately.

RECOMMENDED CAPITAL IMPROVEMENT PROGRAM SUMMARY

City of High Point Fiscal Year 2016-2020

The capital budget summary shown below of \$33,414,250 is the first year of a five-year capital improvement program which is reviewed and updated annually to meet the capital needs of the community. The largest portion of the increase is in Mass Transit for the purchase of a replacement bus. A radio system upgrade of \$3.6 million and new fire trucks at \$1.5 million are funded through installment purchases. Also utilities funding has increased by \$818,000.

Infrastructure improvements remain a top priority of the City's long-term capital planning as the City of High Point prepares for the present and future challenges of an aging infrastructure, safe water quality and availability of safe waste disposal.

Expenditure By Program

<u>Infrastructure</u>	<u>Budget Year 2015-2016</u>

Project Summary Form

Requesting Department: 401-Transportation Services Division: Project Number: CIP-00104
 Project Title: I-74/US 311 & NC68 (Eastchester Dr) Interchange Improvements
 Project Location: Default CIP Location Project Contact: Mark McDonald Project Photo:

Description:

Widening of NC 68 (Eastchester Drive) and reconfiguration of the I-74/US 311 interchange. Project also includes relocation of Gordon Road northward away from interchange ramps and other Y-line improvements.

Justification:

Necessary to improve safety and capacity at a key interstate interchange serving north High Point. The City funded the initial feasibility study, and federal (ARRA) and state funds were used to complete the NEPA evaluation earlier this year.

Project Summary Form

Requesting Department: 401-Transportation Services Division: Project Number: CIP-00142
 Project Title: Johnson Street-Sandy Ridge Road
 Project Location: North High Point Project Contact: Mark McDonald Project Photo:

Description:

Widening of Johnson Street and Sandy Ridge Road to a multi-lane divided road from Skeet Club Road to I-40. Project will include sidewalks, bike lanes, and landscaping in median and along shoulders.

Justification:

Necessary to improve safety and capacity in an identified growth area. Improvements will help relieve congestion on NC 68 and ultimately will enhance access to Piedmont Triad International Airport from northwest High Point.

Project Summary Form

Requesting Department: 401-Transportation Services Division: Project Number: CIP-00143
 Project Title: Skeet Club Road Widening Sidewalks
 Project Location: North High Point Project Contact: Mark McDonald Project Photo:

Description:

State-funded project. Widening of Skeet Club Road from Eastchester Drive to Johnson Street (B section). Project will include four lanes with intersection treatments, median, and sidewalks.

Justification:

Roadway and intersections currently overcapacity during most times of the day. Heavy peak hour traffic results in congestion and difficult access from side streets and driveways, especially on the east end near NC 68.

Project Summary Form

Requesting Department: 401-Transportation Services Division: Project Number: CIP-00332
 Project Title: Traffic Signal System Expansion and Upgrades
 Project Location: General Project Contact: MARK MCDONALD Project Photo:

Description:

Upgrades and expansion of traffic signal management system operated and maintained by the City's Transportation Dept. The current system includes more than 250 traffic signals, CCTV cameras, and other traffic control devices networked via fiber optics.

Justification:

The last major system upgrade occurred in the mid-1990s. Although still functional and stable, the existing equipment and various control components are nearing the end of their life cycle. The city has increased its service area, and system capacity is limited.

401260 401-Cap Projs-City Facilities

Project Summary Form

Requesting Department: 401-Maintenance Operations Division: Project Number: CIP-03365
 Project Title: Electrical Distribution System Replacement (City Hall)
 Project Location: Downtown/Center City Project Contact: TIMOTHY MCKINNEY Project Photo:

Description:

Replacement of the 45+ year old Main Distribution Panel (MDP) located at City Hall is required. The MDP is the single source where power enters the facility and is distributed throughout the facility. Proper operation of the MDP is required for all building electrical needs. Failure of the MDP would also prevent power from the emergency generator from entering the building.

Justification:

The current MDP is a Federal Pacific Electric and is no longer manufactured. The City Hall electrical system is vital for the operation of all building functions inclusive of the 911 communications center. The current electrical Main Distribution Panel is 45+ years old. Parts are no longer necessarily available for repairs.

401240 401-Cap Projs-Info Tech Svcs

Project Summary Form

Requesting Department: 401-Info Technology Services Division: Project Number: CIP-01637
 Project Title: Radio System Upgrade
 Project Location: General Project Contact: STEVEN LINGERFELT Project Photo:

Description:	The city currently uses a Motorola 800 MHz trunked radio system to provide secure and reliable communications for all City Departments with the heaviest users being the Police Department, Fire Department, Public Works, Transportation and Electric Department. The radio system operates on twelve (12) 800 MHz frequencies licensed to the City of High Point.	
	Justification:	
	Problem: Motorola has stated that it will cease to support the platform we are operating on (4.1) at the end of 2015. The end of support date may be extended as there are several municipalities operating on the 4.1 platform. The end of support will mean that the City will no longer be able to acquire key system boards or components if they fail.

Project Summary Form

Requesting Department: 441-Transit Capital Projs Fund Division: Project Number: CIP-02881
 Project Title: Hi tran Bus Fleet Replacement
 Project Location: General Public Project Contact: ANGELA WYNES Project Photo:

Description:

To replace 15 of Hi tran's 17 bus fleet 2004 models. Will be eligible for federal and state replacement funds in 2016. Federal 80%; State 10%; City 10%.

Justification:

Buses are being replaced because of cost associated with an aging fleet with high mileage. Replacement cost is estimated at \$500,000/bus = \$7.5M for the total fleet. Federal/State/City funding of 80%, 10%, 10% split. It is critical that the City have the local match in place by July 2016.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-00036
 Project Title: Water Meter Changeout
 Project Location: General Project Contact: Terry Houk Project Photo:

Description:

To change out 1,000 existing water meters a year that are a minimum of 10 years old.

Justification:

After 10 years of use a water meter will start to lose its accuracy. This is a continuation of the program started in 2002-2003. This is one of those areas where making the expenditure will affect revenues in the future.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-00144
 Project Title: Alum Sludge Removal
 Project Location: East High Point Project Contact: Terry Houk Project Photo:

Description:

Alum Sludge will be removed from the two storage lagoons every 1-2 years by contract.

Justification:

Funding was in the operating budget, but moved to the CIP to allow funds to roll-over for a larger contract. Funds need be set aside annually to accumulate prior to the removal processes. This project helps to assure that the water treatment process is not interrupted, and that all phases of treatment run as efficiently as possible.

Project Summary Form

Requesting Department: 421-Public Services **Division:** **Project Number:** CIP-00636
Project Title: Waterview Pumping Station - Pump and Electrical Upgrades
Project Location: Johnson/Eastchester/Oak Hollow/Skeet Club **Project:** TERRY HOUK **Project Photo:**

Description: Waterview will be upgraded to have a third pump run by VFD. The existing two pumps will have an electrical upgrade to change the electrical drives to VFD.

Justification: Waterview was designed to have three pumps. Two were installed during construction. The third pump will now be installed to allow for future increased flow rates. The installation of variable frequency drives will allow for more efficient operation of the station and control of the wet well levels. The electrical modification will help maintain the correct velocities in the force main to keep solids from settling out and reducing capacity. The station will be able to maintain wet well levels by varying the speed of the pump. Pump expected life will be improved by reducing the on/off cycles of the pumps.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-01050
 Project Title: ICP Mass Spec - Monitoring Equipment
 Project Location: General Project Contact: TERRY HOUK Project Photo:

Description:

New regulatory mandates will require more sensitive monitoring equipment in the near future (2016). This equipment will be used for metal analysis in both drinking water and wastewater.

Justification:

As a regulatory mandate, this will be required. Performing this analysis with city staff will reduce cost and provide quicker response. This service can be outsourced, but costly.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-01062
 Project Title: Ward Water Plant Transfer Pump(s)
 Project Location: General Project Contact: TERRY HOUK Project Photo:

Description:

This project will be located at the Ward Water Plant. These pumps are necessary to convey water within the facility.

Justification:

The Ward Water Plant presently has (3) - 8 MGD transfer pumps that transfer water from the clear well to the ground storage tanks. One pump has had to be removed and is being replaced at the present time. This project would replace the 2 remaining pumps. All 3 pumps were the original equipment installed in the mid-80s. They are worn out and parts are hard to find. They are critical to the chloramine process.

421779 421-Bond Projs-W&S

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-01611
 Project Title: Large Water Meter Changeout 1.5" and up
 Project Location: Default CIP Location Project Contact: TERRY HOUK Project Photo:

Description:

The purpose of this program is to replace and/or retrofit existing large meters and meter boxes.

Justification:

Currently we have large water meters that have been in service for 20 plus years. Many of these meters have been in place due to how they were installed. Work that will be done in conjunction with meter changeout will include retrofit of meter boxes to allow future testing and easier replacement.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-00190
 Project Title: Rich Fork Outfall 2A & 3
 Project Location: West High Point Project Contact: TERRY HOUK Project Photo:

Description:

Outfall 2A - Replace 3,400 feet of 15" gravity sewer with 27" line. Outfall 3
 - Project replaces 3,000 L.F. of 15" sanitary sewer with 24" diameter line.

Justification:

This project will replace deteriorated sanitary sewer pipe to reduce risk of overflow and to provide for improved sewer service to customers.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-00238
 Project Title: Phosphorus/Ammonia Side Stream Reduction (Eastside)
 Project Location: General Project Contact: TERRY HOUK Project Photo:

Description:

Install a system for phosphorus/ammonia removal from the solid's dewatering side stream by the precipitation of struvite and use the byproduct to produce revenue.

Justification:

Additional phosphorus/ammonia loading to the Eastside BNR plant from Residuals' side streams has been an ongoing debate about the ability of the plant's design to handle this loading. A system that can effectively reduce the phosphorus up to 80% and ammonia up to 15% from the side stream shall reduce the operating cost of chemical addition for phosphorus control, lessen alkalinity requirements for adjustments by chemical, increases overall plant capacity, and produce revenue for the city from the byproduct.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-00259
 Project Title: Ward Plant Electrical Rehab.
 Project Location: General Public Project Contact: TERRY HOUK Project Photo:

Description:

Ward Water Plant is located on the Eastside of High Point on Kivett Dr.

Justification:

The Ward Plant was built in the mid-80s and at that time the standards were different than they are today. The transformers and large motors that are currently being used are of an odd voltage, which according to our electric department are no longer in use and would be almost impossible to replace without being specially made. The lead time for a replacement would be at least 6 months. This project would encompass replacing a switch gear, 2 transformers and 9 large motors with all associated conduit.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-00687
 Project Title: Incinerator Emission Improvments - EPA Required
 Project Location: General Public Project Contact: TERRY HOUK Project Photo:

Description:

Modification and installation of pollution control equipment to the incineration process to meet the new proposed EPA Air Quality Standards. This shall include carbon adsorber, secondary heat exchanger, blower and scrubber modifications, building modification, CEMs, stack replacement, and sludge hauling.

Justification:

Under the proposed new EPA Air Quality Standards 40CFR Part 60, SSI MACT, the control of 11 emission pollutants shall entail modification to existing equipment and additional scrubbing equipment for the existing incinerator for pollution compliance; therefore, expanding the footprint of the existing process. Per EPA analysis, the control of these pollutants shall reduce the risk of the pollutants from entering the air; thus, enhancing the quality of the air, resulting in health care cost savings for the population.

Project Summary Form

Requesting Department: 421-Public Services Division: Project Number: CIP-01692
 Project Title: Westside WWTP Upgrade
 Project Location: West High Point Project Contact: MARTHA MCDOWELL Project Photo:

Description:	Upgrade the dewatering equipment at the Westside WWTP.	
Justification:	The existing centrifuge is 25 years old. The equipment has exceeded it's servcability life and the current mode is not longer manufactured. The existing wiring and controls suffer from hydrogen sulfide corrosion. The power and control panels are to be located out of the centrifuge room to protect controls and wiring from hydrogen sulfide gas deterioration. Equipment is no longer manufactured. Parts will be salvaged to keep it operational from the demolition of units being upgraded at Eastside WWTP.

Project Summary Form

Requesting Department: 631-Electric Operations Division: Project Number: CIP-00026
 Project Title: Automated Meter Reading Initiative
 Project Location: General Project Contact: Garey Edwards Project Photo:

Description:

Purchase and installation of electric radio transmitters into customer's electric meter. This will result in ride by meter reading instead of walking to each meter.

Justification:

Improved meter reading efficiency, meter readers will encounter fewer hazards, and meter can be read in inclement weather.

STREET LIGHTING

City of High Point

Capital Improvement Program 2015-2020

631799 631-Cap Projs-Electric

Project Summary Form

Requesting Department: 631-Electric Operations Division: Project Number: CIP-00061
 Project Title: Downtown Underground
 Project Location: Default CIP Location Project Contact: GAREY EDWARDS Project Photo:

Description:

Addition of new circuits downtown and replacement of 30 year old submersible transformers and conversion of existing overhead lines downtown.

Justification:

The project will improve reliability, replace transformers before they fail resulting in outages and provide additional capacity for load growth downtown. The conversion of overhead lines will allow for construction of multi-story buildings without violating safety codes and make property more attractive for investment and development.

Notes:

The conversion of overhead lines to underground will promote development and provide capacity for electric system load growth.

Project Summary Form

Requesting Department: 631-Electric Operations Division: Project Number: CIP-00079
 Project Title: Conversion of Linden Substa to 100KV
 Project Location: Default CIP Location Project Contact: GAREY EDWARDS Project Photo:

Description:

Convert Linden Substation from 69 kV to 100 kV.

Justification:

The majority of our substations operate at 100 kV, the voltage we receive at our delivery points. Three substations still remain on 69 kV. They require step-down transformers to convert the 100 kV to 69 kV. We have two step-down transformers. One is rated 100 MVA, the other 60 MVA. Our present 69 kV total load is 85 MW. If the 100 MVA transformer should fail, the remaining 60 MVA transformer would not be able to serve all the load. Converting Linden will reduce the 69 kV load by about 30 MW. The other two stations will have already been converted by the time this project is scheduled for completion.

Project Summary Form

Requesting Department: 631-Electric Operations Division: Project Number: CIP-00166
 Project Title: Overhead to Underground Conversion
 Project Location: General Project Contact: GAREY EDWARDS Project Photo:

Description:

Replacement of 30 year old overhead facilities for circuits E4, E7 and B4.

Justification:

This will improve electric system reliability for these circuits. The reconstruction will reduce the possibility of service interruption. These circuits not only serve customers but provide reserve capacity for the hospital, Westchester Drive, North Main Street and the Downtown area.

Project Summary Form

Requesting Department: 631-Electric Operations Division: Project Number: CIP-01244
 Project Title: HPU Substation
 Project Location: Central High Point Project Contact: GAREY EDWARDS Project Photo:

Description:

Build new substation for High Point University campus. Location undetermined. Once funded, will search for suitable property.

Justification:

Load growth at the university has continued. We have now reached a point where additional substation capacity is needed to adequately serve the growing load at the university. In 2005 HPU was our thirteenth largest load. They are now our largest load on the electrical system. This substation will also provide load relief to adjoining substations that are currently serving the university and will pick up approximately five megawatts of new construction currently under development.

Project Summary Form

Requesting Department: 631-Electric Operations Division: Project Number: CIP-01245
 Project Title: New Backyard Digger Derrick w/Lift
 Project Location: Default CIP Location Project Contact: GAREY EDWARDS Project Photo:

Description:

Purchase of Mini Digger Derrick with Lift Machine to perform back lot maintenance and repair work.

Justification:

High Point Electric System currently has over 15 miles of back lot primary distribution. Most of this system is over 40 years old and in need of maintenance. Currently, to maintain these areas, workers must manually climb poles to set transformers, replace crossarms, etc. We cannot access these areas by truck. During the March 2014 ice storm, we utilized three rental Mini Digger Derrick machines to access back lots to set poles, install transformers and other repair work in order to restore power. Use of these machines enhanced our response times in service restoration.

City of High Point

Capital Improvement Program 2015-2020

661749 661-Cap Projs-Landfill

Project Summary Form

Requesting Department: 661-Public Services Division: Project Number: CIP-00023
 Project Title: Environmental Services Equip. Shed
 Project Location: East High Point Project Contact: SAMMY VANDERZEE Project Photo:

Description:

Constructing a shed style structure at 3514 Triangle Lake Rd. - Env. Serv bldg. - projected to be 225' long, 80' deep, and 15' tall. A wall would be constructed to a minimum height of 5', but not to enclose the structure totally. Enclosing the structure would require further expense to include a fire protection system and ventilation system to exhaust odor and vehicle fumes.

Justification:

The equipment shed will protect the vehicles from bad weather. Equipment freezes and is prevented from operating within the normal hours. The shed will help to eliminate many problems reducing loss-time on collection routes and safety hazards for employees. Should extend the useful life of the expensive equip. Having the equip dry and in a more controlled environment will eliminate possible slips, trips and falls. Will help eliminate future Notice of Violations by sheltering trucks and reducing seepage from trucks after rain events. Have already received one NOV.

(Minus Revenues)	\$0	\$0	\$0	\$0	\$0	\$0
Net Operating Impact	\$0	\$0	\$0	\$0	\$0	\$0

Notes:

The wall height will help protect vital wear parts and hoses. With a more controlled environment the employees will not be required to perform such functions in the rain/sun/heat etc. Having delays in starting time have a compounding impact for

Project Summary Form

Requesting Department: 661-Public Services Division: Project Number: CIP-00815
 Project Title: Kersey Valley Road Relocation
 Project Location: South of Kivett/Bus. 85 Project Contact: ROBBY STONE Project Photo:

Description:

This project provide for the design and ROW of relocating Kersey Valley Road for the future Phase VI of the landfill expansion. Previously budgeted in the Landfill Closure/Post Closure Reserve Fund - 861.

Justification:

The overall expansion plan for the landfill places Phase VI over Kersey Valley Road, connecting Phases 1-3 and Phases 4-5. The estimated timeframe for this road relocation is approximately 2020 to 2030. However, transportation studies, planning, design, permitting, etc. will need to begin in advance of this work. The road could actually be relocated in advance of the expansion to facilitate safer operations by closing the road earlier.

Notes: SW PROJECTS

GLOSSARY OF FREQUENTLY USED TERMS

-A-

Account Number - the accounting designation for revenue and expenditure line items. The account number consists of a two-digit fund number, a two-digit department number, a three-digit activity number, a three-digit sub-activity number, a two-digit object source code, and a four-digit line item object cost code.

Accrual Accounting - a basis of accounting in which revenues and expenses are recorded at the time they are incurred, instead of when cash is actually received or disbursed.

Activity - a level of budgeting, which identifies a particular program or service within a department. Contained within an activity budget may be one or more sub-activity budgets.

Adopted Budget - the official expenditure plan adopted by the City Council for a fiscal year.

Ad Valorem Taxes - commonly known as property taxes. For most governments, it is the single greatest revenue source. Taxes are levied at the stated tax rate for both real and personal property according to the valuation.

Appropriated Fund Balance - revenue appropriated from existing fund balance to help fund expenditures in a given fiscal year.

Appropriation - an authorization by the governing board to make expenditures and incur obligations for specific purposes.

Assessed Valuation - the total value established for real property and used as the basis for levying property taxes.

-B-

Balanced Budget - the situation that exists when total anticipated revenues are equal to total planned expenditures. The state of North Carolina requires a balanced budget.

Benchmarking - the identification of best-in-class performers; the comparison of local performance outputs and results with those of top performers; the analysis of practices that account for any performance gaps; and the development and implementation of strategies to adjust the gap in one's favor.

Benefits - mandated employee benefits and other programs such as health insurance, which benefit the employee and their family.

Bond - a written promise to pay a specified sum of money at a specified date in the future together with periodic interest at a specific rate.

Bond Anticipation Note - short-term, interest-bearing notes issued by the City in anticipation of bonds to be issued at a later date. The notes are retired from proceeds of the bond issue to which they are related.

Bond Referendum - an election in which voters pass or defeat a proposal by the City government to issue debt in the form of interest-bearing notes.

Budget - a comprehensive financial plan of operation for a specified period of time containing an estimate of proposed expenditures and the means of financing them. In the state of North Carolina it is mandated that a balanced budget be produced, i.e. revenue equals expense.

Budget Calendar - the schedule for completion of the various tasks involved in the preparation, submission, and adoption of the fiscal year annual operating budget for the City.

GLOSSARY OF FREQUENTLY USED TERMS

Budget Message - a formal letter of transmittal contained in the proposed budget document prepared by the City Manager and addressed to the governing board which contains the City Manager's views and recommendations on the City's operation for the coming fiscal year.

Budget Ordinance - the legal document approved by the governing board that establishes the spending authority for the City.

-C-

Capital Asset - facilities and equipment that are tangible assets having a significant value (\$500 or greater) and a useful life of one year or more.

Capital Improvement Program - a plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from long-term work programs. Capital expenditures of significant amounts of money involving major construction and acquisition are usually included in the capital improvement program (CIP).

Capital Outlay - budgeted expenditures of at least \$500 for tangible items with a useful life of at least one year.

Capital Project Fund - a fund used to account for expenditures for major construction and acquisition projects that are not accounted for in other funds and are anticipated to be completed in one year.

Capital Project Ordinance - authorizes a major capital expenditure and continues in effect for the life of the project. It is characteristic that the types of projects covered by a capital project ordinance span several years due to the scope of work being performed. The ordinance specifies the funding and line item expenditures for the project.

Capital Reserve Fund - a fund established for the purpose of receiving transfers of moneys from other funds (usually enterprise funds) in order to build fund balance for a specific future outlay of capital.

Cash Equivalents - highly liquid investments with maturities of three months or less when purchased to be cash or cash equivalents, or demand deposits.

Central Services Fund - a fund used to account for goods and services provided by one department to other departments on a cost reimbursement basis, such as print shop services or warehousing.

Community Development Block Grant Fund - used to account for revenues and expenses derived from the Community Development Block Grant entitlements to the City.

Contingency - an appropriation by fund used at the City Council's discretion to provide budget for unanticipated expenditures.

Core City Plan - A plan for guiding the development, redevelopment and revitalization of neighborhoods as outlined in the Core City Plan developed in 2006 and adopted by the City Council on February 8, 2007. The public-private partnership Plan's purpose is designed to define and improve the physical, economic and social fabric of the downtown and surrounding neighborhood, institutional, commercial, and industrial areas. The City contributes funding to the plan annually. The name was changed from Core City to "The City Project" in 2011.

-D-

Debt Service - Moneys required for payment of principal and interest and other associated expenses on outstanding bond debt.

Deferred Revenues - Revenues submitted to the City before the eligibility requirements are recorded and reported.

Department - a major operating budget area of the City, which includes overall management for an activity or group of related activities with possibly one or more sub-activities.

GLOSSARY OF FREQUENTLY USED TERMS

-E-

Effectiveness Measures - the level of satisfaction of the services being delivered or the extent to which pre-determined goals and objectives have been reached. Effectiveness indicators more accurately measure the quality of service output to know whether a program or service is accomplishing what was intended.

Efficiency Measures - the units of service produced (output) per amount of resources expended (input). Indicates how well a government is performing the things it is doing. This measure is a good indicator of how reasonable service costs are - the ratio of quantity of service provided to the cost, in dollars or labor.

ElectriCities - a not-for-profit government service organization representing cities, towns and universities that own electric distribution systems. Today, ElectriCities represents more than 90 members in North Carolina, South Carolina and Virginia.

Encumbrance - an obligation in the form of a purchase order or a contract, which is chargeable to an appropriation and for which a part of the appropriation is reserved. It becomes an expenditure when paid.

Enterprise Fund - a fund established to account for the operation of facilities and services that are entirely or predominantly financed through user charges. The City's enterprise funds are Water, Sewer, Electric, Mass Transit, Parking, Solid Waste Facilities, and Stormwater.

Environmental Services Pick-up Fee (Availability Fee) – This is a revenue source for the Solid Waste Fund from the pickup of refuse from residential, commercial and industrial customers.

Equities - Assets less liabilities of a fund.

ERP – Enterprise Resource Planning - integrated financial and human resources solutions that help to streamline and improve public-sector business processes.

ERU – Equivalent Residential Units - a calculated methodology to determine the basis for determining the monthly stormwater utility fee to be charged to the customer. The ERU per customer is determined by dividing the total of square footage of impervious surface area on the customer's property by the square footage of one ERU (2,588). The result is multiplied by the dollar amount established by City Council

Expenditure - the amount paid for goods delivered and services rendered.

-F-

Fiduciary Fund - a fund used to account for assets held by the City in a trustee or agent capacity for other agencies or organizations.

Fiscal Year - a twelve-month period of time to which the annual budget applies. The City of High Point's fiscal year is from July 1 thru June 30.

Fixed Asset - tangible property owned by the City having a monetary value of \$500 or greater and a useful life of one year or more.

Fringe Benefits - funds budgeted for the City's contribution for employee benefits including retirement, health insurance, social security, and life insurance.

Fund - an independent accounting entity with a self-balancing set of accounts.

Fund Balance - the excess of a fund's assets and revenues over its liabilities, reserves, and expenditures at the close of the fiscal year.

Full Accrual - a method used in proprietary funds for recording the expenditure of funds in which revenues are recorded when they are earned and expenses are recorded when a liability is incurred.

GLOSSARY OF FREQUENTLY USED TERMS

Full-Time Positions - authorized positions with the exception of law enforcement and fire employees budgeted at 2080 hours per year

-G-

GAAP - (Generally Accepted Accounting Principles) accounting principles that are commonly used in preparing financial statements and generally accepted by the readers of those statements. The source of GAAP for state and local governments is the Governmental Accounting Standards Board.

General Capital Projects Fund - used to account for major capital expenditures (acquisition and construction) other than those financed by enterprise funds. These projects usually require one year or less for completion.

General Fund - used to account for the ordinary operations of the City, which are financed through taxes, other general revenues, and contributions, transfers, and reimbursements from other funds. Unless there is a legal accounting requirement, all activities are accounted for in the General Fund.

General Obligation Bonds - debt issued by the City that is backed by its taxing authority.

Goal - a broad statement of purpose or intent to achieve a desired state of affairs. A goal describes a desired effect on the community.

Governmental Funds –are segregations of financial resources. Expendable assets are assigned to the various governmental funds and current liabilities are assigned to the fund from which they are to be paid. The differences between governmental fund assets and liabilities, the fund equity is referred to as “Fund Balance.”

-I-

Infrastructure - the base or framework of a community that is necessary to support the orderly function of government and service delivery to communities. Examples include water and sewer (improvements to lines, treatment plants), streets, and stormwater project to name a few.

Input Measures - the amount of resources expended or consumed in the delivery of services.

Interest on Investments - revenue earned from investment of City funds with a third party.

Inter-fund Transfers - transfers of money between accounting funds as authorized by the City Council.

Intergovernmental Revenue - revenue received by the City from federal, state, and county agencies.

Intragovernmental Revenue - revenues generated by a City department for services provided to other City departments.

-L-

Lease-Purchase Agreement - a method of financing the purchase of a fixed asset, which allows the City to spread the cost over a specified period of time.

LED Lighting – (light-emitting diode) LEDs are more efficient, because LEDs produce more lumens per watt than other alternatives, and also because they can be tuned to the specific wavelengths. They can be used for traffic signals, light bulbs, lanterns, and streetlights to name a few.

LEED Certification – (Leadership in Energy and Environmental Design) provides independent, third-party verification that a building project is environmentally responsible, profitable and a healthy place to live. Green Building Rating System, developed by the U.S. Green Building Council (USGBC), provides a suite of standards for environmentally sustainable construction.

GLOSSARY OF FREQUENTLY USED TERMS

Licenses & Permits - revenue received by the City from individuals and corporations for the purpose of conducting business or performing certain activities.

Line Item - a unit of budgeted expense used to classify expenditures by item or category. A line item establishes the permissible level of expenditure for an item.

-M-

Miracle League - A non-profit organization in High Point called "The Miracle League of High Point" for the purposes of providing opportunities for children with disabilities to play Miracle League baseball on a specially designed field. The High Point field will be funded by private donations, with the land and grading for the site provided by the City of High Point.

Mission Statement - a clear statement of the purpose and goal(s) toward which a department directs their efforts. (The reason the department exists.)

Modified Accrual - a method for recording the receipt and expenditure of funds in which revenues are recorded when they become measurable and available and expenditures are recorded when the liability is incurred.

-N-

Non-Departmental - expenditures for purposes that are not related to a specific department.

-O-

Objective - a specific target for achievement, which represents an interim step, or progress toward a goal within a specified time span and which are measurable.

Ombudsman - A government official who investigates citizens' complaints against the government or its functionaries.

Operating Budget - the City's financial plan for its operation for the fiscal year that outlines the proposed expenditures and revenue estimates to finance the expenditures.

Operating Expenses - funds allocated for the day-to-day operation of the City's services. These expenses exclude capital outlay.

Ordinance - a legislative enactment by the City Council. It has the full force of law within the City if it is not in conflict with any higher law.

Outcome Measures - the social, economic or cultural conditions that the program seeks to influence and the actual results/impacts produced by the program or service.

Output/Workload/Activity Measures - the quantity of services provided.

-P-

Part-Time Positions - authorized positions with various work schedules of 1,750 hours per year or less.

Pay As You Go Funding - a method in which annual revenue appropriations are used for funding capital projects as opposed to the issuance of long-term debt. General Fund projects are usually funded by an appropriation from the General Fund consisting of primarily property tax revenues. Capital projects in proprietary funds are funded by the respective revenues in these funds.

Performance Measure - the quantity or level of service provided. Indicator or criterion against which users can assess the successful achievement of a service or program.

GLOSSARY OF FREQUENTLY USED TERMS

Performance Measurement - the systematic method in which city departments develop and monitor objectives that assess the outcome and effectiveness of a delivered service or program. Provides government a way of determining whether it is providing a quality service at a reasonable price. Must not be seen as a “score-keeping system”, but as a decision-making tool.

Performance Objectives - the means used to accomplish a mission. Clear targets for specific action. More detailed than the mission statement; have shorter time frames; states quantity when possible; measurable over time and reasonably achievable.

Personal Property - includes tangible property not permanently affixed to real property. Examples include vehicles, boats, trailers, and equipment.

Personnel Services - salaries, wages, and fringe benefits.

Property Tax - an annual tax levied by the City Council on the value of real property to fund General Fund expenditures. The amount of revenue derived from the tax is calculated by taking the tax value of the real property, dividing it by 100, multiplying it times the tax rate, and then times the collection percent.

Proprietary Funds – funds that are used to account for a government’s on-going organizations which are similar to those found in private businesses or private sector. These funds have their own set of revenue and expense accounts. Measurement focus is income, financial position and changes in financial position.

-R-

Real Property - land, buildings, and items permanently affixed to land or buildings.

Retained Earnings - an equity account reflecting the accumulated earnings of an enterprise fund or internal service fund.

Revaluation – defined as the re-appraisal or re-assessment of value. In the City of High Point budget document, “revaluations” describe the process county tax collectors use to update the values of taxable real property within the city limits as well as the county.

Revenue - income received by the City from various sources used to finance its operations.

Revenue Bonds - bonds whose principal and interest are payable exclusively from the earnings of an enterprise fund. Revenue bonds are payable from identified sources of revenue and do not permit the bondholders to compel taxation or legislative appropriation of funds not pledged for payment of debt service.

Revenue Neutral Property Tax Rate – defined by North Carolina General Statutes as the rate that is estimated to produce revenue for the next fiscal year to the revenue that would have been produced for the next fiscal year by the current property tax rate if no re-appraisal had occurred.

-S-

Solid Waste User Fee – The five dollar per month fee that departments pay for access of refuse to the landfill. This fee does not cover the actual pick-up of refuse.

Special Appropriations - accounts used for outside agencies’ funding, prior year workers’ compensation and unemployment claims, and for expenditures not routinely appropriated in operating budgets.

Special Grants Fund - a fund established to account for revenues received from outside agencies or groups designated for expenditure on particular programs and projects. These programs and projects are usually non-recurring in nature and of short duration. Revenues received are from federal, state, and local sources.

Sub-Activity - a level of budgeting, which identifies a specific area of work necessary for performing a budgeted activity.

GLOSSARY OF FREQUENTLY USED TERMS

-T-

Tax Base - the total assessed valuation of real property within the city limits.

Tax Levy - the total amount of revenue to be raised from the property tax levied by the City Council in the annual budget ordinance.

Tax Rate - the amount of tax per \$100 of assessed valuation levied by the City Council.

TIP - Transportation Improvement Program for the N.C. State Department of Transportation.

Treasury Subsidies – Subsidies from the US Treasury will rebate a portion of the interest paid on taxable bonds as authorized by the American Recovery and Reinvestment Act of 2009 (ARRA).

-U-

User Charges - the payment of a fee for receipt of a service provided by the City.

-V-

Valuation - the tax value of real property as determined by the Guilford County tax assessors every eight years. The property valuation is multiplied by the tax rate per \$100 of valuation to arrive at the tax bill for a particular piece of taxable property.

- W -

Workforce Program - is a separate but supported strategic plan to implement recommended development strategies to assist the community's workforce as they compete for high-skilled jobs in the region. The idea to develop communication and training materials to support community education by a combination of government, business, education, and community leaders working together to assist community residents' short-term actions to improve workforce education, training, and preparedness.

ACCOUNTING UNIT DIRECTORY

Budgets, both revenue and expense are identified by a six-digit accounting unit number. The first three digits identify the fund for the accounting unit. Each division within a department is assigned an accounting unit.

A listing of accounting units is shown in department order as they appear in the budget document.

Accounting Unit #	<u>Department</u>	<u>Division</u>
